## Sukarno Yields Indonesia Rule To Suharto

MICHIGAN GOV. George Romney shakes the hand of President David O. McKay of the Mormon Church during a visit with the church leader in Salt Lake City. Mrs. McKay is seated in the center. Romney, a Mormon, was in Utah as part of a political prospecting tour of the west. (AP Wirephoto)

JAKARTA, Indonesia (AP) — President Sukarno tonight surrendered his presidential powers to Indonesian strongman Gen. Suharto and thus ended 21 years of one-man rule.

By his own statement, he remains president in name only and even this title may be taken away from him. Informed sources said Congress at its meeting next month may take a final disposition of his future.

There was speculation whether Sukarno would leave Indonesia. But his Japanese wife, Ratna Sari Dewi, said in Tokyo she did not believe he will leave the country. She is in Tokyo to await the birth of her first child.

Sukarno had surrendered most of his powers to Suharto last March but he remained a symbol to millions of Indonesians as the father of Indonesia's independence.

A signed statement by Sukarno said he gave all power to Suharto "for the sake of the people and the country."

Sukarno's stepdown was not a full resignation but was a surrender of executive powers. The 65-year-old president, who led this huge Southeast Asian nation from Dutch colonial rule to independence will remain president in name only.

His decision came following two weeks of intensive pressure from Suharto and his military followers.

Sukarno had been warned that if he did not hand over powers he would be investigated by Congress and possibly brought to trial.

There were no indications what compromises were made with Sukarno. However, political and military sources said Suharto agreed to insure that

Sukarno would not be brought to trial.

There was no indication if Sukarno would remain in Indonesia or leave the country.

Sukarno's statement said Suharto would have to report to him regularly on how he was using the presidential powers. But this was probably a face-saving gesture.

Following an attempt by Indonesian Communists to seize power Oct. 1, 1965, many of the coup leaders were brought to trial and some implicated Sukarno in the attempt.

Congress, Indonesia's highest legislative body, will meet March 7. It placed high on its agenda an investigation of Sukarno's activities.

Both Suharto and Foreign Minister Adam Malik had made clear that if Sukarno did not step aside they would proceed

with the congressional investigation.

Suharto, 45, a four-star general faces an immediate task of bringing about some form of economic stability. The country is still divided politically over loyalty to Sukarno.

Suharto also faces a problem of maintaining unity within his own military ranks.

Political sources said Congress will go ahead with its special session on Sukarno and that the possibility still remains that it will strip away Sukarno's last vestiges of power.

These sources said Sukarno was not completely ousted at this point for fear of creating greater disunity in this troubled country. They added that further decisions on Sukarno's future are expected when Congress meets March 7.

Sukarno

### Mortar Attack Chews Up U.S. Infantry Unit

SAIGON (AP) — A U.S. company of infantry suffered heavy casualties in two Communist mortar attacks during the night as it was setting up a base camp in the central highlands facing the Cambodian border, U.S. military headquarters announced today.

A spokesman said the company of 178 men of the U.S. 4th Infantry division was hit by heavy mortar shelling 41 miles southwest of Kontum City. The term heavy casualties usually means a unit is no longer an effective fighting force.

Four 4th Division tanks in the same area beat off a close-quarter attack by Communist suicide troops who climbed aboard the armored vehicles. The tank crews raked each other's turrets with machine-gun fire to clear off the Communists, and U.S. headquarters said the tankmen sustained no casualties and only light damage to three tanks.

It was the first time reported in the Vietnam war that the enemy climbed onto tanks although this was a tactic frequently employed by the Communists in the Korean war.

Ground action continued brisk with the U.S. military command reporting 100 enemy killed in clashes across the country. U.S. Marines in the northern provinces accounted for more than half of the enemy toll, reporting 88 Communist troops killed in scattering fighting. This included 43 killed in Operation Deckhouse 6 on the coastal plains 38 miles southeast of Quang Ngai City.

To the south, waves of high-flying U.S. B52 bombers pounded War Zone C in four raids against the major Viet Cong jungle stronghold where its national headquarters is believed located close to the Cambodian border.

### Agree On Debt

WASHINGTON (AP) — Both Democratic Sen. Philip Hart and Republican Sen. Robert Griffin voted with the majority Tuesday when the Senate decided 54-23 to raise the debt limit ceiling to \$336 billion.

## Challenges Slow Jury Selection For Speck Trial

PEORIA, Ill. (AP) — Challenges have prevented the seating of the first panel of four jurors in the trial of Richard Speck, charged with murdering eight student nurses in Chicago.

The trial entered its third day today with three tentative jurors selected. Jurors cannot be sworn until a panel of four is accepted by both sides, according to state law.

A second group of veniremen was called today.

Six jurors had been tentatively approved, but William Martin, assistant state's attorney, prompted a courtroom version of musical chairs Tuesday by challenging previously accepted jury candidates on three occasions after the selection of what would have been the fourth panel.

Each of Martin's three peremptory challenges removed a woman from the panel.

The initial 15 veniremen had been interviewed by the close of

## Senate Votes Delay For Full Medicaid

## Gavin Says China Strife Opens Viet Peace Hopes

WASHINGTON (AP) — Administration sources picture President Johnson as maintaining a constant course on Vietnam policy — willing to entertain peace overtures, but determined to continue the bombing of North Vietnam in their absence.

They said Thursday Johnson feels the United States has neither hardened nor softened its attitude toward peace talks in recent weeks.

Those familiar with the President's views said he is convinced the Soviet Union wants peace restored in Vietnam and appreciates its efforts in this direction.

Meanwhile a longtime critic of U.S. military policy in Vietnam, retired Gen. James M. Gavin, said he believes internal turmoil in Red China offers a prime opportunity for ending the Vietnam war.

Gavin told the Senate Foreign Relations Committee that Red China's problems might make North Vietnam more willing to negotiate a settlement. He also warned that escalation of the war at this time could provide the Chinese with the basis for stabilizing its inner disorders, while responding to Hanoi's need for aid.

In other developments:

A debate on Vietnam appeared to be shaping up in the Senate as it prepares to take up Thursday the \$4.5 billion spending authorization bill.

Sen. Joseph S. Clark, D-Pa., called Tuesday for extended debate on the bill by the full Senate, noting it marked the first opportunity for floor discussion of the war. He said he was confident there wouldn't be a vote on the measure for several days. But Senate Democratic whip Russell B. Long of Louisiana said he hoped for an immediate vote.

For All Out War — Rep. L. Mendel Rivers, D-S.C., chairman of the House Armed Services Committee, said Tuesday night the nation should "turn loose" its entire arsenal and win a "total victory" in Vietnam. He made one reservation—he would not employ nuclear weapons "yet."

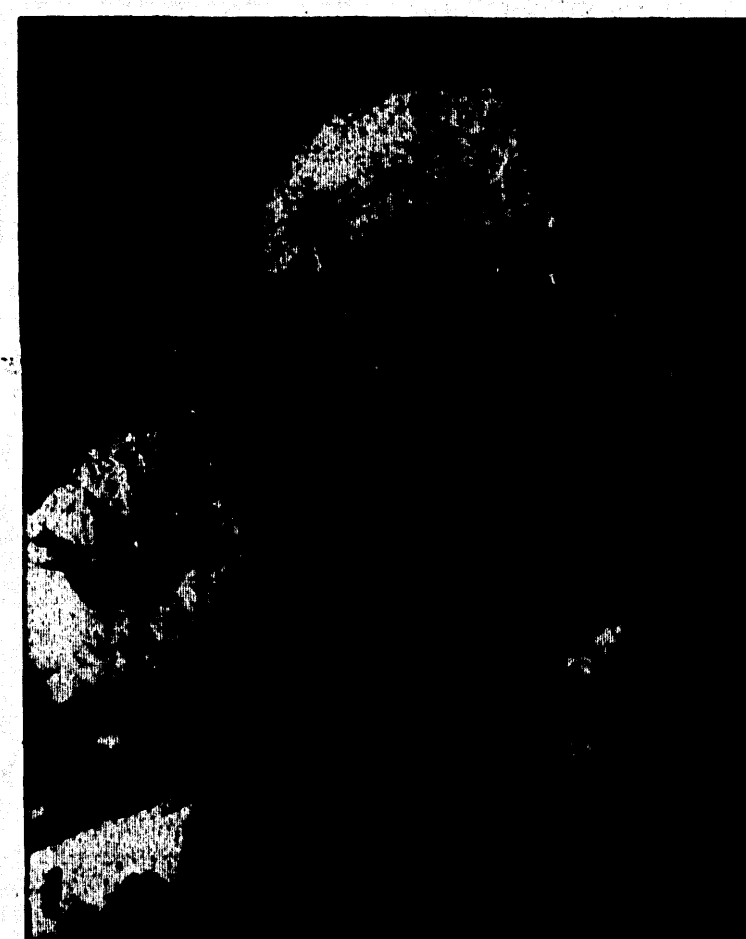

Rivers, speaking at a dinner of the Air Force Association in New York, said: "I would bomb Hanoi so fast it would make your head spin." The association gave Rivers a 34-foot-high trophy, featuring an eagle in an attack position and with an inscription calling him a "farsighted exponent of aerospace power both in fair weather and when the storms are gathering."

—The Rev. William Sloane Coffin Jr., chaplain of Yale University, called for clergy and seminarians to give up their draft exemptions and register instead as conscientious objectors to protest the war.

Coffin also urged the clergy to organize mass demonstrations at which thousands of students would turn in their draft cards, thus refusing to serve in Vietnam.

### Today's Chuckle

There is only one way to handle women. It's a shame that nobody knows what it is.

JAMES M. GAVIN, retired lieutenant general and former Ambassador to France, in testimony before the Senate Foreign Relations Committee said the upheaval inside Red China has opened the way to negotiate with North Vietnam. (AP Wirephoto)

## Uniform Time For All State Gains In Lansing

LANSING (AP) — A bill to exempt Michigan from observing Daylight Saving Time was approved by the Senate State Affairs Committee Tuesday and moved to the Senate floor for debate.

Sen. Thomas Schweigert, committee chairman, said the bill is designed to remove the state from provisions of the federal Uniform Time Act, which would require that Daylight Saving

## Justice Smith Will Join GM

DETROIT (AP) — Former Michigan Supreme Court Justice Otis Smith, once the highest Negro official in the state government, has decided to go to work for private industry.

Smith accepted an offer from General Motors Corp. to work on the giant auto company's legal staff in Detroit.

Smith, defeated in a bid for re-election last November, had been mentioned prominently as one of two Negroes considered for appointment to a vacancy on the federal court bench in Detroit.

Court of Appeals.

Smith will be the first Negro on GM's 75-man legal staff.

## Democrats Not Strongly For Their Own Act

LANSING (AP) — Senate Republicans, aided by a maverick Democrat, Tuesday passed a bill to delay full implementation of Michigan's Medicaid program — approved by last year's Democratic controlled Legislature.

The bill, sponsored by Sen. Charles Zoller, R-Benton Harbor, conforms with a delay ordered last December by Gov. George Romney and subsequently overruled by Atty. Gen. Frank Kelley.

The measure, passed 21-14 with surprisingly little Democratic opposition, would delay full implementation of the final two phases of the health services program.

Romney ordered a similar delay, saying implementation of the program according to a legislative timetable would cost the state a total of \$63 million this fiscal year. The Legislature had appropriated \$21 million for the program.

Kelley ruled that Romney had exceeded his authority in ordering the delay in implementation and also said the legislative timetable was not valid. This meant the full program should have gone into effect on Oct. 1, Kelley said.

Democrats Voted Yes — Joining the Republicans was Sen. James Gray, D-Warren, who explained his vote by saying he felt there is not enough money available to give the program full effect.

"We have to cut back until we come up with something we can afford," said Gray, adding that in a short time the program could cost as much as a 2 1/2 per cent income tax would bring in.

Zoller said the action was "a step in the right direction in what would be a constant fight against the federal government in its increasing tendency to inaugurate expensive matching fund programs and then pulling out, leaving states to carry the full load."

He said the bill, if also passed by the House, could "save Michigan \$21 million this year and about \$5 million each succeeding year."

Attacks "Holdback" — Sen. Roger Craig, D-Dearborn, attacked the bill as "the beginning of a Romney holdback of social legislation passed in the last Legislature."

"We have a surplus," Craig said. "If the governor wants to save the surplus he should have thought of it before he signed the bill."

Romney has said the Medicaid bill was approved before federal guidelines were set and its full implications known.

The Senate also defeated, resubmitted and then passed a bill to add one land surveyor to a board of registration for architects, professional engineers and land surveyors.

The board now is made up of three architects and four professional engineers.

Sen. Bette Kellum — The Senate passed the bill 22-15 after sponsors said they intended to ask for an attorney

## Romney, Press Tiff

POCATELLO, Idaho (AP) — Gov. George Romney of Michigan has assailed the Johnson administration on the Vietnam war, saying the administration had made some decisions on a basis of political expediency. He declined to give an example of his charge.

Romney, on a tour of the west, spent more than 30 minutes at a Pocatello news conference Tuesday parrying questions about his position on Vietnam.

Asked if he would say what the political expediencies were, the Republican governor replied:

"No, I will not."

"Why?" asked a reporter.

"Because I choose not to," Romney replied.

"Do you mean you make charges and won't substantiate them?" he was asked.

"Not at this time," he said.

Asked if his position on Vietnam was not political expediency, he replied: "No."

Romney spent Tuesday on a nostalgic tour of some scenes of his boyhood in agricultural eastern Idaho, and in three speeches continued to hammer away at the Johnson administration.

### Triplets: One Born In Hospital

SANTIAGO DE UBEDA, Spain (AP) — Maria de la Torre, 34, wife of a local farmer, gave birth to triplets Tuesday night — the first in a taxi on the way to a hospital, the second at the door of the hospital on a stretcher and the third on the operating table of the emergency room.

### Weather

By The Associated Press

ESCANABA AND VICINITY — Light snow or snow flurries, windy and turning colder today with steady or slowly falling temperatures. Snow flurries and colder tonight and Thursday. Low tonight near 5. Friday outlook: cold, chance of snow flurries. High yesterday, 17 and low overnight, 10. Winds northwesterly (12 to 25 mph) and gusty today, diminishing slowly tonight. Precipitation probabilities: today, tonight and Thursday, 50%.

Upper Peninsula — Snow flurries tonight with some blowing snow in the west. Colder tonight. Thursday snow flurries likely and windy and continued cold. Low tonight 5 below to 5 above. High Thursday 10 to 15.

Sun sets today at 6:25 p. m., and rises Thursday at 7:35 a. m.

## Congress Finds Astronaut Fire Guard Deficient

WASHINGTON (AP) — A special House team will probe the Jan. 27 fire that killed three U.S. astronauts after finding "a remarkable number of similarities" between the blaze and a later fire that fatally burned two airmen.

Chairman L. Mendel Rivers, D-S.C., of the House Armed Services Committee ordered the investigation Tuesday after receiving a report that safety procedures were inadequate in tests at Brooks Air Force Base, Tex., where the airmen received fatal burns four days after the astronauts perished in their space capsule at Cape Kennedy, Fla.

An investigative subcommittee of Rep. Samuel S. Stratton, D-N.Y., and Rep. Durward G. Hall, R-Mo., reported Brooks officials didn't realize the extent of the danger of fire in a pure oxygen atmosphere. The capsules in both accidents were filled with pure oxygen.

The two said after an investigation at Brooks that foam rubber sponges were taken into the capsule despite a report officials there had received showing sponge material burns 60 times faster in oxygen than in air.

The congressmen also found that no one was watching outside the capsule in which A2C William F. Bartley Jr. and A3C Richard G. Harmon were burned Jan. 31. And the report noted there was no television monitor on the capsule.

## Packer Evaded Inspections; Is Denied License

LANSING (AP) — The State Agriculture Department said Tuesday that Ippel Packing Co. of Fremont slaughtered some meat animals without proper state inspection last December. It denied the firm a 1967 license.

Michigan's new meat inspection law, which went into effect Jan. 1, 1966, requires that an animal be inspected both before and after slaughter. This was the first denial of a license under the new law.

A fact-finding report signed by B. Dale Ball, state agriculture director, also said that owner Henry Ippel at various times in 1966 operated his slaughterhouse in an unsanitary manner.

Ball's report said that Ippel agreed last Oct. 18 to certain procedures to comply with the state meat inspection law, but failed to fulfill his commitment. Dr. George Whitehead, deputy agriculture director, held a hearing on the matter Jan. 26. The department said Ippel did not attend.

Survey Shows 5:1 Fatality Ratio

Danger Lurks On Rural Roads

Rural highways in the Upper Peninsula were five times as fatal as city streets for motorists in 1966, a survey of traffic accidents in the U. P. indicates. Of a record 101 traffic deaths in the Upper Peninsula, State Police report that 84 persons were killed on rural roads and highways, compared to only 17 on urban streets. The statistics also showed that 15 of 20 pedestrians killed were struck while walking on rural highways and that of five fatal motorcycle or motor-bike accidents four of them came in rural situations.

Rapid River Junior High Wins Crown

Rapid River Junior High Basketball team gained the Central League crown Thursday evening after defeating the Junior High Eben team with a score of 46 to 27. The game was played at Rapid River High School's gymnasium with a good crowd present to watch the action play. This is the fourth year in a row that the Rapid River Junior Rockets have captured the coveted League trophy. The trophy will be awarded to the Rapid River champs at the Central League Banquet held in the spring. Rapid River's team is coached this year by Norman Slough; team members are Tom Pineau, Kevin Hendrickson, Sam Johnson, Mark Sigfrids, Dan Sundquist, Daryl Lindquist, Duffy Nelson, Jeff Boyer, Bob Kaukola, Bryon Pasi, Mark Johnson, Mike Callahan, Tom Sundstrom, Pat Short, Joel Hansen, Richard Konrad and John Deneau.

Northern Has 6,800 Enrolled

MARQUETTE — A record spring enrollment of 6,256 students at Northern Michigan University is announced by Robert Bliss, director of admissions. The figure represents an 18.2 per cent increase over the 5,291 students enrolled for the second semester a year ago. This spring's total includes 5,655 undergraduates and 594 graduate students. The enrollment includes 388 students at residence centers including 238 at K. I. Sawyer Air Force Base and 150 at Iron Mountain-Kingsford. Northern also has nearly 300 women at its on-campus Job Corps Training Center and 251 students at the Area Training Center in Marquette.

School District Asks More Tax

The operation of the Menominee County Intermediate School District is becoming more expensive and its board of education meeting at Menominee asked the Menominee County Tax Allocation Board to approve a budget of \$16,900 for next year. This is \$1,100 over last year's budget. The budget will be approved Feb. 28 at a meeting at 7 p. m. in Stephenson High School. In other business the board: 1. Reported it had carried out its obligation to conduct a district reorganization election for Carney-Nadeau, Powers-Spalding and Hermansville districts at a cost of \$631.23. The negative results were relayed to state education officials. 2. Was notified the county schools are to receive \$11,782 in Title 2, Elementary and Secondary Education Act funds for library materials. The Intermediate District has spent \$2,400 administering these funds since they have been available and there is no provision for federal or state reimbursement. 3. Voted continued support—\$648 last year—of the U. P. Materials and Equipment Center at Marquette.

School Ripped By Gas Blast

MILWAUKEE (AP)—Authorities today are continuing an investigation into the cause of a gas explosion that destroyed much of a two-story structure at St. Adalbert's Roman Catholic elementary school Sunday afternoon. About a dozen spectators and a fire chief were injured. A 10-year-old boy, who had been among children and adults evacuated as firemen searched for a broken gas main, was hospitalized in critical condition after an explosion hurled glass and brick into crowds of watchers. Max Dinkelman, 61, fire chief of suburban South Milwaukee, was hospitalized in fair condition after being injured in a subsequent blast. The 400 persons who interrupted confirmation rehearsal at St. Adalbert's Roman Catholic elementary school gathered on sidewalks outside the South Milwaukee school as gas fumes spread through the neighborhood. Explosions ripped through the school's new two-story \$450,000 addition, blew out a wall, and knocked articles from shelves in homes two blocks away. Wisconsin Natural Gas Co. crewmen and police were in the area about two hours prior to the first blast trying to locate a leak and to reduce gas pressure in mains. Damage to the school was estimated tentatively at \$550,000, and to a nearby rectory at \$36,000.

AMC Slashes 9 Model Prices

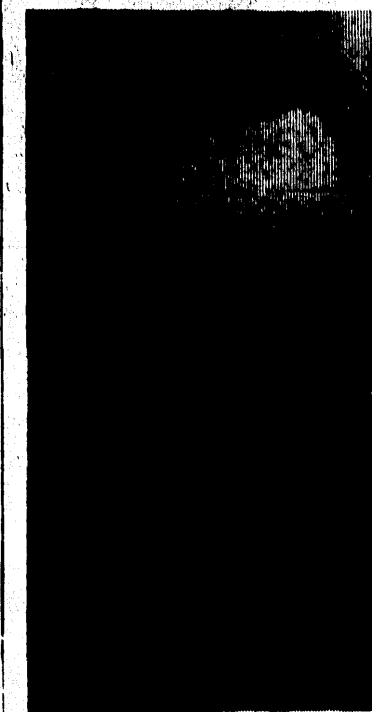

DETROIT (AP)—American Motors Corp., with sales down and dollars short, pinned its comeback hopes today on a cheaper car in the import-compact market. The car is the same — the Rambler American series—but the price is \$154 to \$234 lower on the nine models in the line. Roy D. Chapin, AMC board chairman, announced the price cuts Tuesday in a bid to outsell other American compacts and the popular imported small cars, primarily Volkswagens. The price cut puts American's basic 200 Series two-door sedan at a price of \$1,839, about \$200 above the cost of the Volkswagen 1500, which is the most popular import. But Chapin said he thought the difference in value received by the car buyer had "clearly shifted in favor of the Rambler American because the price differential has been so drastically narrowed." At the same time, AMC revealed that it will follow the lead of Volkswagen in sticking basically to the same design on Rambler American models each year. The nation's other major auto makers—Ford, General Motors and Chrysler—declined comment on the action taken by American. Pronghorn antelopes, among the swiftest of four-legged animals, are declining in numbers in the United States.

State Promotes Montreal Fair

A cooperative advertising campaign with the Province of Ontario, to encourage vacationers to take the Michigan-Ontario route on their way to Expo '67 in Montreal, Quebec, is among several promotional projects totaling \$36,000 approved by the Michigan Tourist Council. Michigan and Ontario cooperated in a similar campaign during the New York World's Fair, resulting in more than 5,000 requests for vacation-planning information in the two commonwealths. The campaign is part of the Council's \$240,000 spring-summer advertising program to attract vacationers to Michigan.

On GM Staff

DETROIT (AP)—Otis Smith, a former justice of the Michigan Supreme Court defeated last fall has been appointed to the General Motors Corp. legal staff in Detroit.

LESTER THOMPSON, 51, of Three Rivers, Mich., was named Michigan Driver of the Year by the Michigan Trucking Association. He has never had an accident during 30 years of driving a truck. Thompson will compete for National Driver of the Year. (AP Wirephoto)

College Posts Period Honors

Bay de Noc Community College announces that 27 resident students of Delta County and three non-county resident students have earned the President's Scholastic Honors for academic excellence in the fall semester. Scholastic Honors are awarded to those students who earned not less than a 3.5 grade point average and were enrolled for 12 or more credit hours of college work. Students earning scholastic honors are listed alphabetically according to their earned grade point average. Students who earned the President's Scholastic Honors in prior semesters have their consecutive semesters of academic excellence indicated after their name: Grade Point Average: 4.0: Linda Christiansen, (3), Kipling; June LaChapelle, (2) and Jean Scholander, Escanaba; Kenneth Wolfe, Manistique. Grade Point Average: 3.8: Lillian Cartwright, Gladstone. Grade Point Average: 3.75: Terry Anderson, (2), Gladstone; Donna Blitner, Bark River; Carol Chaudoir, (2), Susan Dubord, Marsha Fraddo, Pamela Malinowski, Mary Kay Messier, (2), David Prinski, (2), Escanaba; Gary Swanson, (2), Kingsford; Ned Vanders, Gladstone. Grade Point Average: 3.71: Timothy Barron, Rock. Grade Point Average: 3.67: Elizabeth Chenier, (3) and Joyce Cuneo, Escanaba. Grade Point Average: 3.57: Clayton Ebsch, Wallace. Grade Point Average: 3.50: Constance Bourque, Susan Collins, Mary Douck, Wendy Erickson, Mary Olinger, (3), Escanaba; Gary Olson, Cornell; Marilyn Osterberg, Gladstone; Harold Sheedio, Candace Swelkis, Sandra Vanlerbergh and Joan Williams, Escanaba.

Hospital

Mrs. Margaret Strand is a patient at St. Francis Hospital. She is in room 222 and she is allowed visitors. Agnes Chandonnet is a patient at St. Francis Hospital. Her room number is 214 and she is allowed visitors. Moose Lemerand of 1015 8th Ave. S. underwent major surgery at St. Francis Hospital Saturday.

"Cinderella Plus 7 Cartoons"

Service To U.P. Is Goal Of Fair

The primary purpose of the U. P. State Fair, held annually in Escanaba in August, is to direct attention to and encourage agriculture, education, and industry, Cliff Ferras, Fair secretary-manager, told the Escanaba Rotary Club at its meeting at the House of Ludington Tuesday noon. A group of Delta County farmers were guests of the Rotary Club at the annual luncheon program designed to encourage urban-rural friendships. Isadore Stein, Rotary club president, welcomed the guests, and Ferras was introduced by Clint Dunathan of the club's program committee. "The Board of Managers of the Fair, who are appointed by the Governor, have two goals for the exposition," said Ferras who has been secretary-manager of the Fair for two years. "The first is to continue to stage an annual Fair on an ever-improved self-sustaining basis; and the second is to maintain, improve and develop the U. P. State Fairgrounds to accommodate the purposes of the Fair as prescribed by law."

Cliff Ferras

"What is the U. P. State Fair and what are its purposes? The traditional concept of a fair is the exhibition of products for prizes. The essential purpose is the display of agricultural exhibits, commercial and industrial products." In this changing period for agriculture, it is essential that the Fair change also, Ferras said. One of the planned changes are exhibits showing how agricultural products are processed from the time they leave the farm until they reach the consumer. "We must tell the people where the baker gets the flour to make his bread; we must show the fair patron how beef on the hoof becomes meat offered for sale to the consumers in the butcher shop; and for example in dairying we should be able to show on one hand how much feed a cow consumes in a year—and perhaps on the other side cartoons showing how much milk she will produce."

Social Security Offers Help On Medicare Claims

If you are about to send in your first medicare claim for repayment of doctor bills you have paid, a visit to the Escanaba Social Security office may help to prevent a delay in payment, according to Arnold T. Williams, Social Security District Manager in Escanaba. Williams said that in the past some medicare payments for doctor bills have been delayed because some simple but important bit of information did not go to the medicare carrier with the request for payment. "To make sure payment will not have to be delayed while the carrier writes back for missing information," Williams said, "we invite beneficiaries to bring their first claim to the social security office before they send it to the carrier." Williams stressed that the Escanaba office will be glad to answer questions about any claim, but that the first claim an individual beneficiary makes is the one in which he is likely to need some help. "If an older person in the area wants to review his request for payment but is unable to come to the office at Escanaba, he may send the claim to us by mail with a telephone number, and we will call him if we see any problems," Williams said.

In Service

AEC Lee F. Picard, son of Mr. and Mrs. John Picard of 226 N. 12th St., has been promoted to Airman 1C effective Feb. 1. His promotion was based on his loyalty, performance of duty, acceptance of responsibility, and adherence to customs of the service. Picard and his family are now in Puerto Rico, and his commanding officer, Capt. E. S. Macoueston, USAF, recommended the promotion because of Picard's willingness, resourcefulness and initiative.

Army Staff Sergeant Norman W. Gerou, son of Mr. and Mrs. Walter Gerou, 1224 N. 23rd St., Escanaba, was assigned to the U. S. Army Headquarters Area Command's Housing Management Division in Saigon, Vietnam, Feb. 10. Sgt. Gerou, a hotel supervisor, entered the Army in January 1943. He is a 1941 graduate of Perkins High School. The earth is the fifth largest planet in our solar system, and the third from the sun.

H. N. Schedules Musical Play

Holy Name High School's spring dramatic production for the first time since 1959 will take a musical twist this year with the popular New York musical "Guys and Dolls." Performances are scheduled at 8 p.m. April 9, 10, 11 and 12 in the school's multi-purpose room. The production will be jointly sponsored by the choral and drama departments. Brother Christopher M. Kavanaugh will act as production supervisor and drama director. Mrs. Donald LeMire will serve as music director, assisted by Brother L. Anthony Kohner. Brother H. Andrew Jacobson will direct the staging. "Guys and Dolls" is the story of what happens when vice meets nice at Times Square, New York. Nathan Detroit, his cronies, crap game and 14-year-old fiancée are doing nicely until the whole thing is upset by Sarah Brown. Music of the play includes "Fugue for Tinhorns," "A Bushel and a Peck," "Take Back Your Mink," and "Guys and Dolls."

# Children Urged To Avoid Area Building Sites

The Escanaba Area Board of Education, concerned over safety of its construction sites, Tuesday asked parents to warn children not to play in areas where new schools or school additions are in progress.

Action came at the Board's regular meeting as several change orders for the new buildings are approved.

Mrs. Robert Mosenfelter, board trustee, said she was concerned that without warnings to children and safeguards at construction sites there could be serious injury to a school child. She said she had one report already where a little girl stepped on a nail, driving it through her foot and foot.

The Board directed letters be sent by school principals to all parents, warning them of the dangers in construction zones. The Board also directed the school administration to inform the police and check into the possibility of installing fences around the sites.

## Changes Approved

New schools are being constructed at Franklin and Southside sites and additions are underway at Wells, Soo Hill and Lemmer schools. Once houses are removed from N. 15th St., work on a new Washington school and boiler plant for the Junior High will begin.

Change orders approved include substitution of an epoxy paint in the multi-purpose room at the new Washington School, a relocation of exterior doors at the John Lemmer School, revision of duct work at Lemmer, Soo Hill and Wells, relocation of Washington kindergarten toilet, and a change in electrical equipment at Lemmer.

## Quick Relief from Pile Irritation

40 years ago a Buffalo druggist created an ointment to relieve itching and smarting of piles. It brought such quick, cooling, soothing, astringent relief that its fame spread across the land making Peter's Ointment a favorite in thousands of homes. Ask your druggist today for either a box or the applicator tube. Peter's Ointment delivers or money back. Adv.

Including the change orders, the estimated cost of construction will be about \$485 over budget, Barrett said. The district has available about \$75,000 in a contingency fund from the bond issue.

The Board rejected a suggestion that carpeting be substituted for tile in the Washington school library. The change would have cost about \$895.

## Laud Cagers

In other business, the Board appointed Marvin Marshall to represent the Escanaba Area district at the Delta-Schoolcraft Intermediate School district budget meeting; granted a diploma to Robert J. Olson on the basis of test scores achieved; approved a \$75 appropriation to the U. P. Child Guidance Clinic; and extended Scott Barrett's contract for another year at existing salary.

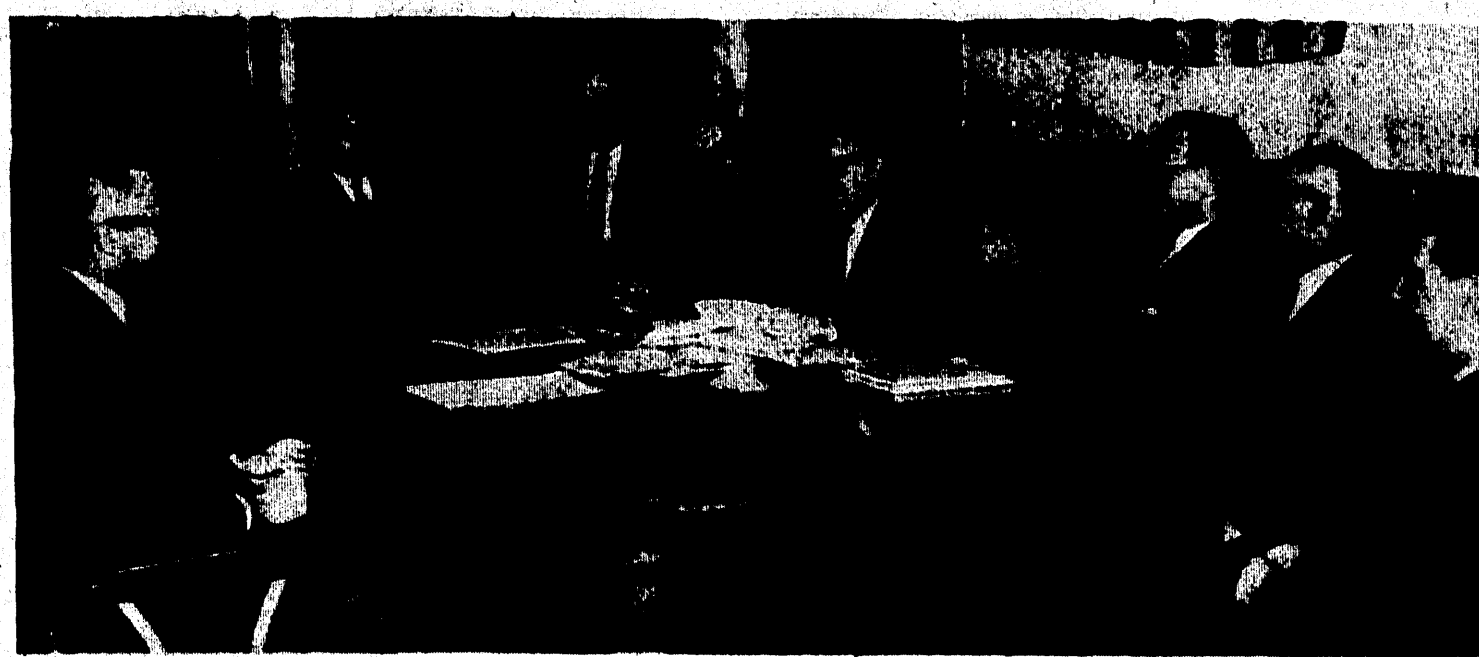

The Board also approved participation in the Intermediate district's proposed special education program and offered a resolution of congratulations to Coach Harold Johnson and the Escanaba basketball team for winning the Great Northern Conference championship.

## Obituary

**RALPH NICHOLSON**  
Complete funeral services for Ralph Nicholson will be held at the Anderson Funeral Home at 11 a. m. Thursday with Rev. Roger Patrow officiating. Burial will be in Lakeview Cemetery. Friends may call at the funeral home from 4 to 9 p. m. today.

**MRS. ADOLF SANDBERG**  
Funeral services for Mrs. Adolf Sandberg, 83, of Manistique will be held at 2 p. m. Friday at the Kefauver and Jackson Funeral Home. Friends may call after 3 p. m. Thursday.

**MRS. MARY NEVEU**  
Funeral services for Mrs. Mary Neveu will be held at 10 a. m. Thursday at the Skradak Funeral Home in Gladstone with Rev. Edward Malloy officiating. Burial will be in Rapid River Cemetery. Friends may call at the funeral home from 3 to 9:30 p. m. today.

THE AMERICAN LEGION'S Upper Peninsula convention will be held in Escanaba June 15-18 and plans for the event are under way. Meeting in planning session Tuesday night at the City Hall were (from left) Ernest Antinori, Iron Mountain; Oral LaCombe, Sault Ste. Marie; Dave Rahm,

Iron Mountain; Don Guindon, general chairman, Walter Lewke, Leland Thompson and C. Elmer Olson, Escanaba; Ray Powlowski, Menominee; Norman Oulette, Munising; and Richard Morrison, Escanaba. (Daily Press Photo)

## Albert Fenlon, Hyde Resident, Taken By Death

Albert Fenlon, 68, of Hyde, died at 7 p. m. Tuesday at St. Francis Hospital following a lengthy illness.

Mr. Fenlon was born June 15, 1898, in Felch. He had been a resident of the Hyde area since 1900.

He was a member of St. Joseph's Church of Escanaba and had been employed as a woodsman.

Surviving are two sisters, Mrs. Anna Billy and Mrs. Ralph Peterson, both of Hyde; six brothers, Tom of Escanaba, Peter of Gaastra, Howard of Battle Creek, and Edward, Frank and Lawrence, all of Hyde, and several nieces and nephews.

The body was taken to the Degnan - Crawford Funeral Home where friends may call from 3 to 9:30 p. m. Thursday. Parish prayers will be recited at 8 p. m. Thursday. Funeral services will be held at 9 a. m. Friday at St. Joseph's Church with Rev. Jordan Telles officiating. Burial will be in the Bark River Cemetery.

## Hospital

John Kirkpatrick who had been a patient at St. Francis Hospital for the past month is now recuperating at his home, 216 N. 14th St.

## Seven Injured In Car Crashes

Seven persons were injured in three traffic accidents in Escanaba Tuesday afternoon and evening, but there appeared to be none in serious condition today.

Only one remained in St. Francis Hospital — Larry J. Arkens of Bark River Rte. 1, who suffered lacerations of the head. He received x-ray examination and was expected to be released from the hospital today.

Cars driven by Arkens and Roy G. Olson, 1115 Lake Shore Drive, collided at 3rd Ave. S. and 14th St. at 3:12 p. m. Olson was going west on 3rd Ave. S. and Arkens was driving North on 14th St. when the accident occurred. High snow banks obscured vision, police reported. Olson received a traffic court summons for failing to yield the right of way.

James Heirman of 1216 8th Ave. S., a passenger in the Arkens auto, suffered head lacerations. He and Arkens were taken to the hospital by Emil Auger in a pick-up truck and police transported Olson to the hospital. Heirman was treated and released last night.

Two persons were injured when three cars were involved in a crash at 6th Ave. S. and 16th St. at 7:12 p. m. Escanaba police reported that a car driv-

## Blacksmith Has Shovel Gauge On Depth Of Snow

Jerry LeBlanc, 81, retired blacksmith in Hermansville who still shovels his own snow, reports the snowfall in Hermansville between 63 to 65 inches thus far this winter. LeBlanc keeps track of every snowfall by measuring the snow before shoveling it.

Mrs. Vardian complained of an injured hip and was taken to St. Francis Hospital. Kobasic suffered minor bruises. Three persons were hurt, none seriously, when cars collided at 3rd Ave. S. and 17th St. at 5:20 p. m., police reported.

Cars driven by Miss Bonnie Renier of Fairborn and Donna Jean Harris of Bark River Rte. 1 were involved. They and Miss Elaine Schultz, Gladstone Rte. 1, a passenger in the Renier auto, were bruised and shaken up.

Police issued a court summons to Miss Renier for failing to yield the right of way.

## Meat And Eggs Lower Priced

NEW YORK (AP)—Remember last year, when bacon was \$1.19 a pound?

It is now 48 cents at a supermarket in Lake Oswego, Ore., for example, and 79 cents at a New York area supermarket chain.

The nation's homemakers are finding larger supplies of pork, beef, lamb, poultry and eggs this winter—and at lower prices than a year ago.

The Agriculture Department predicts retail prices will rise 1 to 2 cents on every food dollar this year.

Now beef output is approaching record levels and pork marketings are running ahead of a year ago. Growers are raising more chickens and turkeys and egg production has soared so high that eggs are selling for 5 to 10 cents a dozen less than a year ago.

Citrus prices have tumbled with the huge orange crop in Florida and the heavy harvest of navel oranges in California.

Most fresh vegetable prices are lower than a year ago when a freeze in Florida cut supplies.

Potato prices generally are higher—a freeze again, in Idaho late last fall. But there are big supplies—and frequent specials—on frozen french fries.

Shoppers generally can expect to find more canned and frozen fruit juices but less dried fruit than a year ago. Supplies of canned and frozen vegetables are about the same, but prices may edge up because of processing costs.

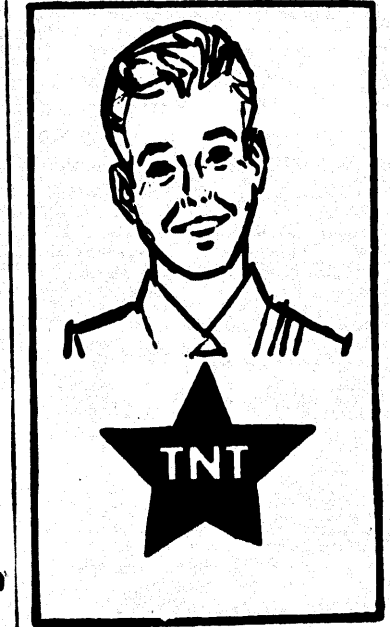

There are bigger stocks than a year ago of frozen apples, blackberries, blueberries, boysenberries, strawberries, asparagus, broccoli, brussels sprouts, carrots, corn, baby limas and spinach.

But supplies are smaller of frozen apricots, cherries, grapes, peaches and peas.

## Felon Follies

POINT OF THE MOUNTAIN, Utah (AP)—This Friday and Saturday inmates of Utah State Prison will present a talent show for "outsiders."

It's entitled "Felon Follies."

## Teacher Training Session Planned

The schools in the Escanaba Area will be closed Thursday, Feb. 23, so the teachers of the public and parochial schools may attend a full day of inservice training.

With the theme of "Look, Listen and Elaborate" the teachers of both school systems will convene in the auditorium of the Senior High School at 9 a. m.

Luther Barrett, Escanaba Area Public Schools superintendent, will start the day with general remarks concerning the seminar. At 9:10 Terry Gibson, director field Service, Northern Michigan University, will address the group.

At 9:30, William E. Dunwiddie, chairman of the Social Studies Department of the Neenah High School, will talk on "What's New in Social Studies."

Dunwiddie teaches courses in modern problems and economics. He is also Student Council advisor.

He attended the University of Wisconsin where he received a B. S. degree, the Ohio State University, M. A., and was a John Hay Fellow at Harvard University. He is a member of the Wisconsin State Social Studies Curriculum Committee. He is co-author of a textbook, Problems of Democracy, and of a pamphlet, The Human Side of Productivity.

After the presentation by Dunwiddie, the public and parochial teachers will break up into their own study groups.

The public elementary instructors will make an inventory for the purpose of evaluating the aims and objectives, the areas, the materials used and the methods of instruction employed in the teaching of Social Studies at the various grade levels. The Secondary instructors will divide into subject area groups and discuss immediate instructional problems relating to their subject area and future programming.

William Dunwiddie

The arithmetic study committee, will meet with representatives of book publishing companies to determine which arithmetic texts they wish to recommend for adoption next year.

During the afternoon of the seminar, three commercial companies, will run continuous demonstrations of their products for the teachers of the public and parochial schools. The seminar will close at 3:30 p. m.

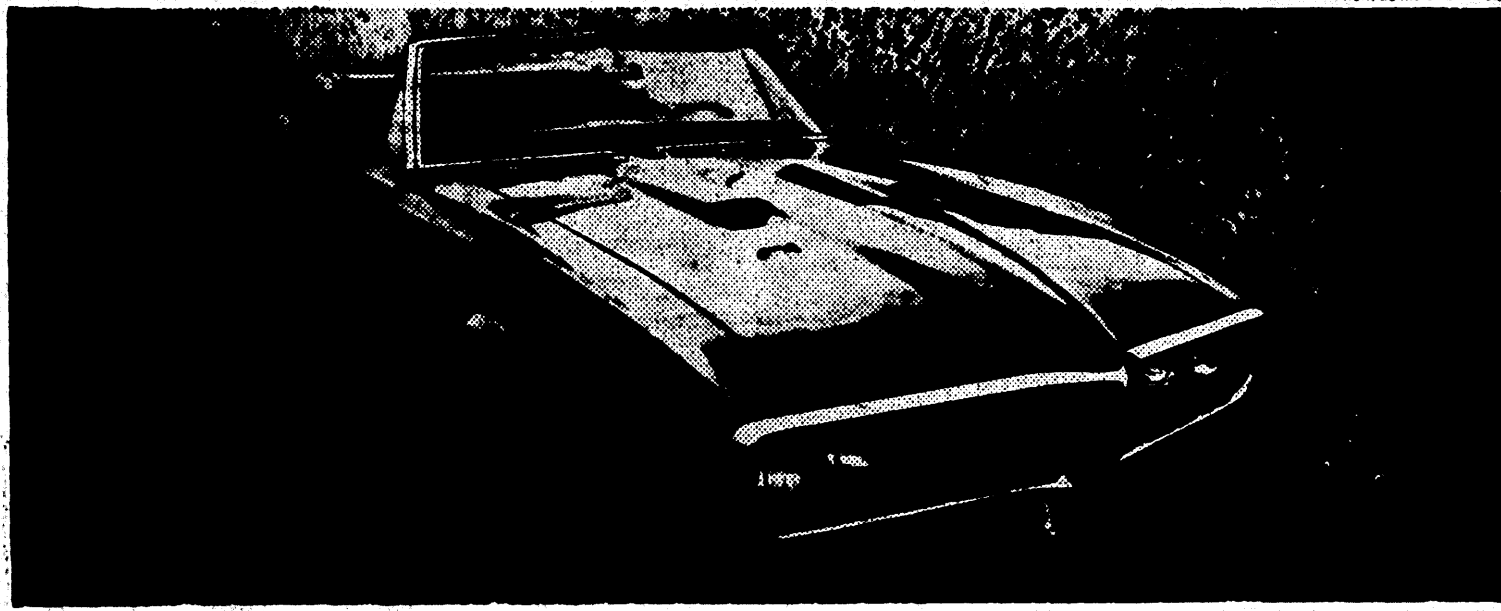

## Dip Nets

Dip nets may be used in May in the Upper Peninsula for taking suckers, mullet, smelt, carp, dogfish, and garpike from the following trout streams and portions of trout streams:

Alger County: AuTrain River from the Forest Lake Power Plant downstream for a distance of 600 feet; Laughing Whitefish River down from the bridge on M-28 to mouth of stream.

Delta County: Ogontz River down from U.S.-2.

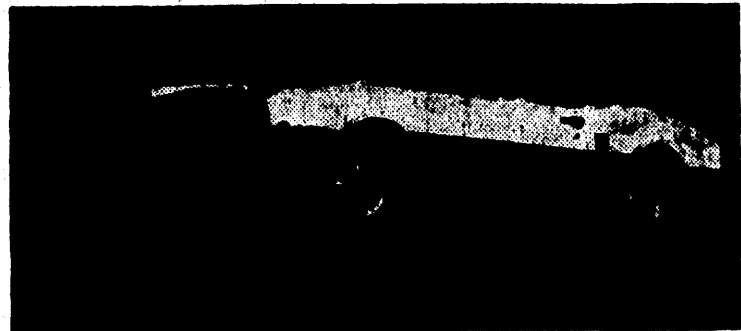

If you thought Pontiac was coming out with just another sports car, you don't know Pontiac!

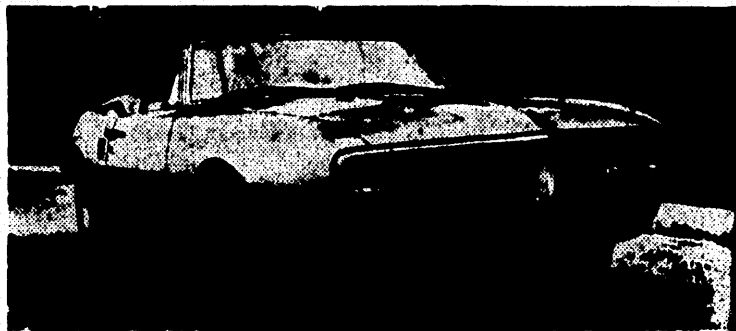

Pontiac announces not one, two, three or four, but five magnificent new Firebirds for every kind of driving.

Now you can choose from five new Firebirds with the same advanced Pontiac styling, but with five entirely different driving personalities. And they all come with supple expanded vinyl interiors, wood grain styled dash, exclusive space-saver collapsible spare, bucket seats and wide-oval tires.

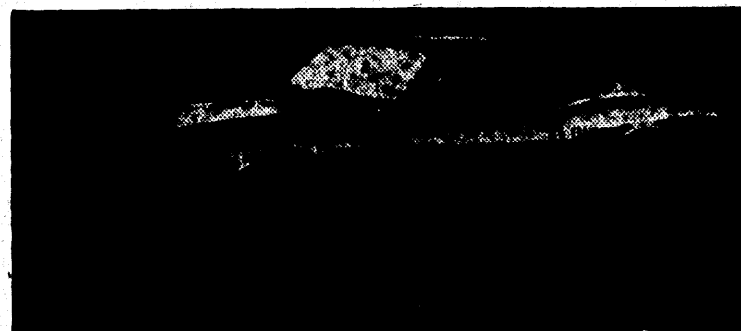

**Firebird 400.** Coiled under those dual scoops is a 400 cubic inch V-8 that shrugs off 325 hp. It's connected to a floor-mounted heavy-duty three-speed. On special suspension with redline wide-oval tires. This could be called the ultimate in grand touring. After this, there isn't any more.

**Firebird HO.** HO stands for High Output. As a split second behind the wheel will attest to. The Firebird HO boasts a 285-hp V-8 with a four-barrel carburetor, dual exhausts and sport striping. Standard stick is a column-mounted three-speed. Naturally, all Firebird options are available.

**Firebird 326.** Is there room for a family in a sports car? There is now. The excitement of a sports car with the practicality of a 326 cubic inch V-8 that delivers 250 hp on regular gas. Standard transmission is an all-synchro three-speed, but you can order an automatic.

**Firebird Sprint.** Now you don't have to go to Europe for a sophisticated road machine. This is the 215-hp version of our eager Overhead Cam Six. It's mounted on special suspension that practically welds it to the road. (Any road!) With a floor-mounted all-synchro 3-speed.

**Firebird.** This is our economy Firebird—with the same exciting options and interiors as the more exotic ones. It's Overhead Cam Six squeezes 165 hp from regular for inexpensive fun driving. See them all at your Pontiac dealer's.

The Magnificent Five are here!

## Mack's Off Track

None of Michigan's more than 60 state parks has received as much publicity as Porcupine Mountains State Park. The reason is that the Porkies seem to be forever a source of controversy. No sooner has one storm cloud passed over this largest of all state parks in Michigan than another appears.

In recent years, State Senator Joseph S. Mack, Ironwood Democrat, has manufactured some of these clouds, as when he proposed a modified logging program within the park boundaries. The proposal came to naught, but it gave the senator some headlines and it gave the park some more publicity, and both apparently benefited. The senator has since been re-elected, and attendance and camping at the park have been steadily increasing.

Senator Mack's latest Porcupines proposal, advanced this month, calls for Michigan Technological University to assume authority over operation of 52,000 acres of the 57,000 acres within the park. The Michigan Conservation Department, which has managed the Porkies since the state park was established, presumably would retain authority only over the remaining 5,000 acres under terms of the Mack Bill.

The bill directs Michigan Tech to undertake multiple use development of the 52,000 acres. Timber "harvest return would offset the management and development cost, and excess money, if any, would be earmarked and used for forestry research," Senator Mack said in his news release announcing the introduction of the bill.

This perverts the present state plan for the park but might appeal to some and analysis turns up some serious bugs even here.

One of them is the fact that Michigan Tech already is operating a forest management research installation at its Ford Forestry Center at Alberta in Baraga County. This is a rather extensive operation, and one wonders whether Michigan Tech would want to duplicate its efforts by acquiring another 52,000 acre tract.

If it is argued that Michigan Tech really would be managing the Porkies Park for recreation, as well as timber harvest and forestry research, one wonders why this responsibility should be removed from one state agency and given to another?

The Conservation Department has had years of experience in managing parks. Michigan Tech has had none. So why direct the university to undertake management of the biggest state park in the Midwest?

It is no secret that Senator Mack is in disagreement with the Conservation Department over the administration of the Porcupines Park. That makes his proposal suspect. If he were displeased with the administration of the Newberry State Hospital by the State Department of Mental Health, would he propose that the hospital be managed by Michigan Tech?

Or if he were unhappy with the administration of Michigan Tech, would he propose that jurisdiction be transferred to the Conservation Department?

The Porkies proposal news release concludes: "Mack said he anticipated statewide support for this unique approach to the development of the Porcupine Mountain area." The approach is unique all right, but it doesn't warrant any support.

It would be refreshing to have Tech's Board say: "Hey, Joe, stop embarrassing us!" but that's too much to ask. Senator Mack is very important to the process of Tech's financing by the Legislature. What he proposes here is one more contribution to the cannibal concept of our state universities, giving them all the public problems and wondering why they need so much money to operate.

## Evans Fights Right

By BRUCE BROGSAT  
WASHINGTON (NEA) — Advice from Washington State suggests that moderate Republican Gov. Daniel Evans may have more trouble than he imagines in trying to put a decisively moderate stamp on his state's 1968 delegation to the national convention.

It is now an old story, of course, that powerful conservative elements in the state's three most populous counties—King (Seattle), Pierce (Tacoma) and Spokane (Spokane City)—held or seized control of GOP county organizations in open combat with Evans' forces.

Earlier in 1966, the governor had scored a series of victories over arch-conservatives in Washington, with much attendant publicity. Favorable precinct-level results in the November elections left him poised for further triumphs.

When these hopes were smashed, Evans and his aides insisted the situation was not as bad as it seemed. Basically, this is still their position. Their argument is that men like King County Chairman Kenneth Godstad, while admittedly very conservative, are in essence "power structure" politicians who will not allow "right-wing kooks" to gain any position of authority—though they may use their numbers in head-count fights with Evans.

The Evans forces contend further that Godstad and the other conservative county leaders may in time be brought in to some sort of accommodation with the governor. They concede, however, that it will not be easy going. Other sources in the state assert that the moderate cause in the party is under much graver threat. One experienced politician refuses to accept the idea that Godstad and his counterparts in Pierce and Spokane Counties can be neatly separated from the extreme rightists who supplied a good deal of this man in a detailed memorandum.

"The strength of the extreme right is just as great as in 1964

—and just as determined. The only difference is that they are now more entrenched.

"Everyone is pretty discouraged at the prospects of another Goldwaterish delegation in 1968. As you can see, stopping it will be very, very hard."

This party figure declares that Rogstad has quietly but consistently opposed the governor, has undercut some programs advanced by GOP State Chairman C. Montgomery Johnson, has given 95 per cent of his appointments to well-known, extreme right-wingers.

Departing from local custom, Rogstad last year mixed into eight state legislative races. Right-wing candidates were filed against incumbents. All were beaten in the primary.

None of these reports is intended to suggest that Evans and his moderate supporters are not alert to the problem. And they are frank to point out sticky spots—Snohomish county (Everett), where strong rightists are clearly in command, and Yakima county, where similar elements were beaten but are still stirring about.

A source here on Capitol Hill, who is familiar with Washington state politics, says Evans might be caught in the middle on another front, too. New Left, nonstudents' activity at the University of Washington's huge Seattle campus is sufficient, it is said, to threaten "another Berkeley."

Extreme rightists in Seattle might react sharply to any outburst and produce an ugly confrontation. The governor's people minimize this prospect, though, and insist they are watching university affairs closely.

Nevertheless, what it all seems to boil down to is that Evans, one of the Republicans' most promising young governors, may be very hard-pressed to prevent more than half of Washington's 24-member 1968 presidential delegation from doing some sort of anti-Evans, Goldwaterish act at the next convention.

## Duke Ellington And Lent

Men have always sung about their faith. Joy inspires a song, conviction finds a chorus. Not always in the cathedral but where they lived and worked and had fellowship. The earliest Christians picked up the theme of one fourth-century saint who cried,

All life has become a song  
Ploughing we praise  
Sailing, we sing!

Sensitive artists have discovered the variety of musical expression to describe the yearnings of the spirit. We thrill to the works of Bach, the Gregorian chants and the hymns of John Wesley. But the songs of the heart are not limited to a special, chosen few.

In 1965, Duke Ellington gave an extraordinary concert in Fifth Avenue Presbyterian Church, New York,

joining the delicate beat of his jazz style to the timeless words of the Bible.

Consider the boundless energy of a Bobby Dylan; Peter, Paul and

## The Meaning of Lent

Mary; Harry Belafonte, stirring our hearts as they perform with guitar, amplifier and drums. They startle us out of the usual patterns of church music to ponder new tones and choruses.

A rock and roll hymn, electronic anthem, a guitar solo for worshipping people? If God is our contemporary His servant may be an 18th-century Handel or a 20th-century Ellington.

—By David Poling

## Houghton Started U.P. Era Of Mineral Industry

The name Douglass Houghton is familiar to thousands of Michigan residents. Many of them, know that this man's name was given to a city in the Upper Peninsula and to the county in which it lies.

But Douglass Houghton's association with other parts of the State, during a lifetime of achievement in science and business, is not so well remembered, points out Dr. Sidney Glazer, of Wayne State University's history department. Dr. Glazer is co-author of "Michigan: From Primitive Wilderness to Industrial Commonwealth" (Prentice-Hall, 1948).

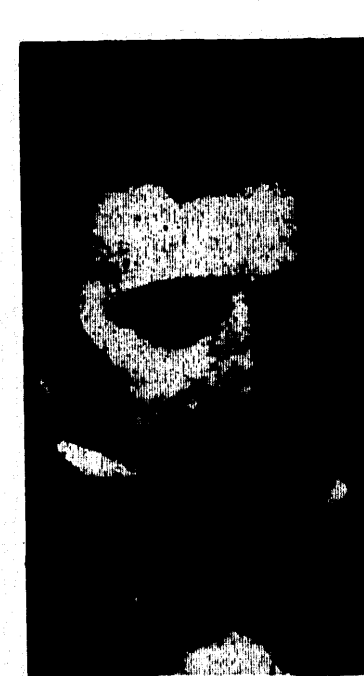

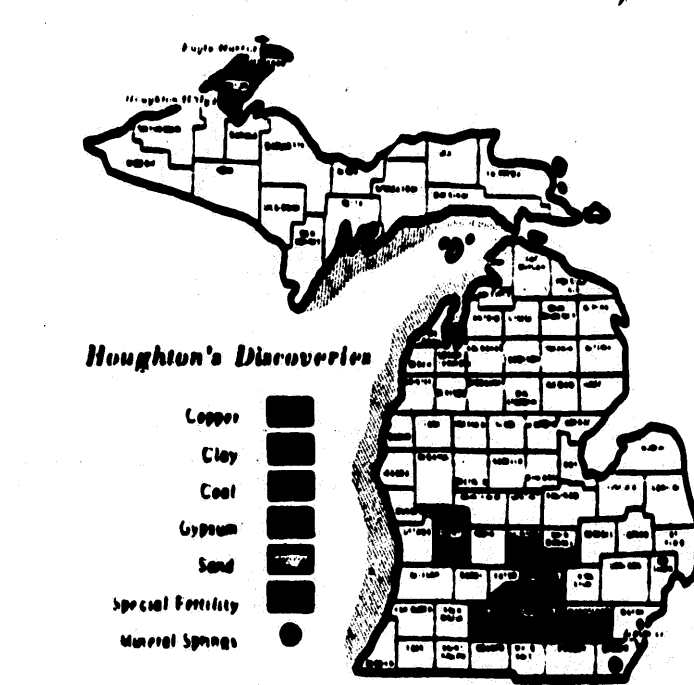

Those who capsule the career of Houghton in their minds know that he was employed by the state as its first geologist after serving as mayor of Detroit and that he discovered copper in the Keweenaw Peninsula.

But even a thumbnail memory of the man should include these items, Dr. Glazer says:

During the 1830's he became a leading Detroit businessman and engaged in numerous real estate transactions. Michigan was then in the process of changing from a territory into a state. Houghton had received an engineering degree studied medicine in New York State, and had come to the Michigan Territory at the invitation of its citizens to lecture on new scientific developments.

As a physician, he served heroically in Detroit during the cholera epidemic of 1834, working at times as many as 20 hours without rest. During this epidemic he lost his younger brother, Richard, who had come to Detroit to study medicine under him.

As state geologist his important findings included: 1. clay

Douglass Houghton

in Washtenaw and Clinton counties which was suitable for the manufacture of pottery and bricks, 2. coal deposits in Jackson, Ingham, Eaton and Shiawassee counties, 3. gypsum in Kent County, and 4. mineral springs in Monroe County whose waters were considered valuable in the treatment of some ailments.

In the course of studying potentialities of Southern Michigan counties, he made special mention of Calhoun County's fertility.

Houghton also pointed, in various parts of the state, to marl, used in the manufacture of fertilizer and lime and determined that sand along the beaches of Lake Michigan was suitable for making glass.

He also determined in 1840 that although ores of zinc, lead, iron and manganese were to be found along the Lake Superior shore, only copper ore was found in sufficient quantity for profitable mining. Dr. Houghton's discoveries came at a very important time, when the United States was importing its copper. Soon with the invention of telegraphy and later the electrical industry, use of copper would be multiplied many times.

Houghton died when he was 36. Already partially crippled with rheumatism, he was making further explorations in the Lake Superior country when his small boat capsized near Eagle Harbor, drowning him and two companions.

Siberia's Lake Baykal is the world's deepest lake, reaching a depth of 5,315 feet.

Oswald: "Here is a hand from many years back. South is in seven spades and his whole problem is the jack of trumps. Due to the fact that South misses the nine spot, he starts by playing dummy's ace and queen. West shows out and South is able to pick up the jack with no worries."

Jim: "I recognize the hand all right. Isn't this the famous hand where Harry Fishbein dropped the nine of spades under dummy's ace? This gave declarer two ways to finesse against the jack. In addition, the play made it look as if West would be more likely to hold four trumps, so West led a trump back to his king at trick two and East made his jack. Did Harry really have the distinction to be the first to make that play?"

Oswald: "I can't state categorically that someone else did not make it before Harry did. I can assure you that I was not the first to make the play and that no other old-time expert has claimed to be first."

Jim: "Then you do give Harry full credit?"

Oswald: "I certainly do. It is interesting to realize that the play of cards has improved so much in the 40 years of contract that many plays that are commonplace today were almost unknown in the early days of the game."

Jim: "Do you know if any other player has sole credit for thinking of a play?"

Oswald: "There is the Deschappelles coup. It is named after the great French whist player Deschappelles but I, for one, doubt if he invented it. Then there is the Bath coup but that is named for the town of Bath, England."

## Ann Landers

## Litterbug Girl Has Sound Of Bad News

Dear Ann Landers: Regarding the letter from the wife who felt "left out" because her husband refused to let her see him without his partial plate.

Our wonderful father used a hair-darkener for years. He kept the bottle hidden in his tackle box on the closet shelf. Mother knew it and so did us kids, but we wouldn't have let on for anything in the world.

We allowed Father to keep his "secret" because to have done otherwise would have been cruel.

Part of successful living is the ability to make allowances for the harmless personality quirks of others. It cost us nothing to let Father think he had us fooled. To the day he died he believed he had "put it over," and I'm sure he felt good about it.—FOUR CHILDREN WHO LOVED HIM

Dear Children: Somebody put some solid ideas into your heads and I'll bet it was your mother.

One of the most admirable of all traits is to be in the know and not have to advertise it.

Dear Ann Landers: I am 23 and have been going with an attractive girl who is 20. A few weeks ago she threw a half-eaten ice cream cone out of the car into the street. I pulled over to the curb, got out, scooped up the mess and put it in the nearest trash container. She said I must be some kind of a nut.

On our next date she threw a candy wrapper out the car window. Again I stopped, picked it up and kept it in the glove compartment. She called me a "prissy old maid."

Last night she threw a malted milk container into the street. I told her THIS time SHE was going to pick it up. She got mad, said I was a jerk and refused. I picked up the container and drove her home. She got out of the car, slammed the door in my face.

This morning I received a telegram saying that unless I sent a wire of apology she would never speak to me again. Am I petty and domineering as she insists?—MR. CLEAN

Dear Mr.: The girl sounds immature and plenty sloppy. Some cities fine litterbugs as much as \$50 for such antics. You owe her no apology. And think twice before you accept hers. She sounds like bad news.

Dear Ann Landers: My husband is 48 years old and we have been married for 23 years. I am telling you this at the beginning so you won't get the idea that we are teen-age new-lyweds.

Before my husband goes to work he stops off at his mother's house for coffee and a bagel. If he isn't there by 8:45 she calls up and says, "Is Irving sick?"

On his way home from work he stops at his mother's again. She gives him a bowl of chicken soup or some chopped herring—just enough to spoil his appetite for my supper.

Before he goes to bed he telephones his mother to say good night. If he doesn't call her by 11:00 she calls and asks, "Is Irving all right?"

This has been going on for 23 years and I am fed up. Am I unreasonable? Tell me what to do.—IRVING'S WIFE

Dear Wife: If this has been going on for 23 years you should be used to it. Irving is not going to change, so accept, with grace, his attachment to his mother because it will last as long as she lives.

To solve some of the frustrations, disappointments and disillusionments of married life, send for ANN LANDERS' booklet, "What To Expect from Marriage," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## BARBS

By WALTER C. PARKES

A dietitian has to be good at juggling figures.

If you wonder if a friend has a sense of humor, make him the butt of a joke.

Any waitress knows you can please most of the people some of the time and some of the people most of the time but there are some crabs the good Lord couldn't please any of the time.

The prodigal who wastes his money never lacks assistants.

Dear Ann Landers: My husband is 48 years old and we have been married for 23 years. I am telling you this at the beginning so you won't get the idea that we are teen-age new-lyweds.

Before my husband goes to work he stops off at his mother's house for coffee and a bagel. If he isn't there by 8:45 she calls up and says, "Is Irving sick?"

On his way home from work he stops at his mother's again. She gives him a bowl of chicken soup or some chopped herring—just enough to spoil his appetite for my supper.

Before he goes to bed he telephones his mother to say good night. If he doesn't call her by 11:00 she calls and asks, "Is Irving all right?"

This has been going on for 23 years and I am fed up. Am I unreasonable? Tell me what to do.—IRVING'S WIFE

Dear Wife: If this has been going on for 23 years you should be used to it. Irving is not going to change, so accept, with grace, his attachment to his mother because it will last as long as she lives.

To solve some of the frustrations, disappointments and disillusionments of married life, send for ANN LANDERS' booklet, "What To Expect from Marriage," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

# Bridge Tolls Debate Tests Regard For U.P.

Both of Detroit's newspapers are counseling the Legislature to go all the way this session in the Mackinac Bridge problem. The Detroit News and the Detroit Free Press have both urged that the tolls be removed, not reduced.

There are proposals in the legislative hopper at Lansing that would reduce the present \$3.75 per car toll on the bridge.

The issue, a highly controversial one for years, continues very lively and letters to the newspapers reveal that some Lower Peninsula residents think that nothing should be done about the bridge because they think the Upper Peninsula a sort of barefoot Indian reservation that isn't worth a bridge anyway.

Like Schools

Addressing itself to opponents of a free bridge the News editorialized: "The basic argument against a tax (to pay off the bridge bonds) comes from those who don't need the bridge, so why should they pay for it? Everyone should pay to tear down the artificial barrier of sky-high bridge tolls for the same reason we all pay for public schools, hospital and airports—to build a better Michigan, together."

Rep. Robert W. Davis (R-St. Ignace) has introduced a bill which would add a quarter cent to the state gasoline tax and earmark it for the bridge fund, permitting cutting the toll to 50 cents.

"Any toll on the bridge is too much," said the Free Press. "Over the years it would take only a small fraction of the proposed \$62 million a year in new highway revenues (one cent a gallon addition to the gas tax to add \$32 million, and

## GM Strike Is Menacing Jobs

DETROIT (AP) — At least 80,000 General Motors Corp. assembly line workers today were marked for layoffs because of a parts shortage created by a wildcat walkout in Ohio.

GM said a series of layoffs, to be completed by the weekend, will idle assembly lines in 22 of the firm's 23 auto production plants scattered across the nation.

"The 80,000 figure is conservative," a GM spokesman said. "It could hit 100,000."

The nation's biggest auto builder said its assembly lines would halt because the strike-bound Fisher Body plant in Mansfield, Ohio, no longer is producing parts.

The strike by 2,650 members of the United Auto Workers Union is in its seventh day, although the UAW's international officers, as well as GM, have condemned it as illegal. Neither side in Mansfield seemed ready to budge.

Some 2,300 members of striking Local 549 voted unanimously Tuesday night to continue the strike and local President Robert Hall said a return to work before a settlement is reached would be unthinkable.

GM officials said they would not negotiate until the strikers get back on the job.

The plant produces door panels, floor pans and other parts for GM cars. Without these parts GM workers cannot assemble a complete car.

## Rock

Attending funeral services for Gust Aho were Mr. and Mrs. Emil Seppala and Cynthia of Detroit; Mrs. Aili Seppanen of Oconomowoc, Wis.; Mr. and Mrs. Gerald Jyrkila of Escanaba; Veikko Seppala of Warren, Mich.; Mr. and Mrs. Paul Aho of Clinton, Mich.; Mrs. Ed Faulmann of Mt. Clemens; and Lauri Seppala of Farmington.

Raymond Leach, who was an accountant for H&R Block in Flint, has been transferred to Houghton. He graduated from Rock High School last spring.

Enroute to Florida, John Berg visited the Gerald Hill family in Athens, Mich.; his son, Bill, at Dennison Air Force Base, Texas, and relatives in Missouri and New Orleans. He will spend the winter in Florida.

First engineering experimental station in the United States was established in 1903 at the University of Illinois.

of bonds. No Series B bonds can be retired until all of the Series A Bonds have been paid off. Furthermore, the trustee has purchased for retirement \$997,000 bonds and should retire approximately \$2,000,000 more in 1967.

## Tolls Too High

"Admittedly the tolls are higher than desirable and it was hoped that legislation passed early in 1966 would permit refunding into state general obligation bonds and thus permit a sizeable reduction in tolls. However, inclusion in the act of 3 1/2 per cent (interest) limit has precluded this."

"The bonds are selling today above par in a free market. As for 'granting a tidy windfall to present bondholders'—they took the original risk and if the bonds should be called at 105 between now and 1969, it seems to me they are entitled to it for having sat with the bonds when they were selling in the middle 80s."

## Aid View

Scott F. Krause writes to the News' letters column: "It is absurd to bring the two peninsulas together until such time as private business develops sufficiently to require the use of a bridge instead of the ferry boat. The dominant pressure for the bridge came from hunters who didn't like waiting."

"In short, the Upper Peninsula deserves second-class treatment until such time as private enterprise finds it profitable to locate there in sufficient numbers to pay for the transportation facilities voluntarily."

"The high bridge tolls stand as a proper economic deterrent to Upper Peninsula progress specifically because there was no need for the higher cost method of transportation to begin with. If the bridge can't compete, let it fall into disrepair and disintegrate."

## Democrats Not Strongly For Their Own Act

(Continued from Page 1)

general's ruling on the law's constitutionality.

A bill allowing counties under 200,000 population to be apportioned by county boards of supervisors also was passed by the Senate 21-13.

Also approved were bills prohibiting the refilling of liquor bottles by licensed liquor dealers, extending dog wardens' terms from one year to two, and requiring county clerks to keep a file of convictions in motor vehicle and traffic cases involving moving violations.

## Passenger Hurt In Collision

MANISTIQUE — A visitor to Manistique was taken to Schoolcraft Memorial Hospital this morning for treatment of a head cut after two cars collided nearly head-on on U. S. 2 in front of the Sunny Shore Restaurant.

Injured was Francis McIntosh, Rte. 1, Stevensville, Mont.

Public Safety Officers said he was a passenger in a car driven by Clifford Christenson, 55, of Rte. 1, Manistique, which collided with a car driven by Floyd May, 47, of Minneapolis, Minn. Officers said Christenson apparently didn't see May's car coming and started to make a left turn. When he saw the car and applied his brakes, officers said, the car skidded on slippery pavement into May's path.

Christenson was ticketed for making an improper left turn. McIntosh was in Manistique for the funeral of his father, John McIntosh.

## Obituary

**ARTHUR M. MONSON**  
Complete funeral services for Arthur M. Monson were held at 2 p. m. Wednesday at the Anderson Funeral Home with Rev. Walfred Nelson officiating. Burial was in Lakeview Cemetery.

**VIOLA M. FRANKS**  
Funeral services for Viola M. Franks were held at 1:30 p. m. today at the Salem Ev. Lutheran Church with Rev. John J. Wendland officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were, Neil Kositzky, Joe LaChapelle, Leonard Johnson, William Kositzky, Richard Stein and Kenneth Kositzky.

**MARY E. NAFZIGER**  
Funeral services for Mary Elizabeth Nafziger were held at 9 a. m. Tuesday at All Saints Church in Gladstone with Mag. Matt LaViolette officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were, W. H. Beemer, William Moore, Alphonse Domester, Michael Murray, Ernest Tiberglen and Oscar Wilkotte.

THERE ARE increasing reports of lynx being spotted in the Upper Peninsula. This has the Conservation Department thinking of protecting the big cats, now open game for any hunter. Department research biologist Elsworth Harger poses with a lynx (in the middle) and two bobcats at the Cusino Wildlife Station in Alger County. (AP Wirephoto)

# Employment Report Issued

Where is it possible for both unemployment and employment to be on the increase at the same time?

In Delta and Schoolcraft counties, of course.

James Damitz, manager of the Michigan Employment Security Commission office in Escanaba, reported today that unemployment in the two counties rose by about 50 persons during the past month. He said that the 1,153 persons registered for work is about 100 more than the same time last year.

At the same time, however, employment in the area is up. "Although there are more individuals drawing compensation at the present time than there were a year ago, there are actually more people employed," Damitz said.

"The extension of unemployment compensation to employees who had one or more employers for 20 weeks or \$1,000 payroll in 1965 has increased the number of people who are eligible to file claims," he explained.

## Goldwater Hasn't Forgiven Romney

WASHINGTON (AP) — Barry Goldwater — a Richard M. Nixon supporter — said today he hasn't forgiven Michigan Gov. George Romney for refusing to support Goldwater's 1964 bid for the presidency.

"I have not forgiven Gov. Romney for neglecting me in my campaign and I don't know whether I ever can," Goldwater said in a telephone interview. "I don't want to start any fights among Republicans but I'm a Nixon man and I'm going down the line for him."

## Briefly Told

Amvets Auxiliary will meet tonight at 3.

DeMa Chapter 118 RAM will hold a special meeting at 7:30 p. m. Thursday in the Masonic Temple on the Mark Masters Degree.

The Danforth Ski Hill will be open from 7 to 9:30 p. m. today, it was announced by acting recreation director Paul Vardigan. City skating rinks are also open.

Barbershop singers meet tomorrow night at 8:01 at the Gladstone Yacht Club for regular rehearsal. All male singers are welcome. Lunch will be served.

There will be a meeting of all models who will be participating in the Newcomers Club Style Show on Thursday at 7:30 p. m. at the Central Methodist Church.

Escanaba police have issued traffic court summonses to Norman O. Arnold, 1405 S. 14th St., disobeying a stop sign; Lawrence J. Dubord, Bark River Rte. 2, illegal turn; Gerald A. Broeders Jr., Foster City, disobeying a traffic signal; and Thomas A. Clavage, 801 Minnesota Ave., Gladstone, speeding.

The Bay de Noc Gem and Mineral Club will meet at the Senior High School on Thursday, Feb. 23, at 7:30 p. m., using the northeast entrance. Highlighting the evening will be a demonstration of lapidary work by skilled members who will demonstrate the various steps to follow in working a stone from a field specimen to a finished semi-precious gemstone. Guests are welcome.

# State Buys Enstrom 'Copter For Patrols

LANSING (AP) — Michigan's first state-owned helicopter is scheduled for delivery early in March.

The State Conservation Department, which plans multiple uses for the new whirlybird, is as proud as any parent expecting a first.

The department derives a particular satisfaction because the helicopter is made in Michigan.

The helicopter, manufactured by the R.J. Enstrom Corp. of Menominee, was named Michigan's product of the year in 1965.

The light, rugged, three-seater helicopter sells for around \$30,000—much less than similar aircraft. It also is more economical to operate than comparable models.

## L. G. Belanger Taken By Death

Lester Gordon Belanger, 59, of 1406 2nd Ave. N., Escanaba, died suddenly at 8:30 a. m. today at his home. He was born May 6, 1907 in Bark River and resided there until 1938 when he moved to Harris. For the past three months he had lived in Escanaba.

He was a member of St. George's Church in Bark River and had been employed as a bridge worker for the Chicago and Northwestern Railroad. He was married to the former Marie Flynn in 1938.

Surviving are his widow; one son, Edward of Aurora, Ill.; one daughter, Mrs. Ronald (Margaret) LeClaire of Escanaba; three sisters, Mrs. Ted Jones, Mrs. Art Ryneers and Mrs. Beatrice Ratter, all of Milwaukee; two brothers, Arnold of Wilson, Donald of California and three grandchildren.

The body has been removed to the Degan-Crawford Funeral Home where funeral arrangements are incomplete at this time.

## Cuba Has Praise For Washington

MIAMI, Fla. (AP) — Havana radio commended George Washington on his birthday today, then knocked the present U.S. administration.

"Today," said the broadcast monitored in Miami, "the Cuban people pay tribute to George Washington's memory and salute in his person the ideals which... unfortunately do not inspire the men now ruling the federal government."

"We're quite excited about it," said Milton Bergman, chief of the department's forest fire division. "We consider it a bargain too. They used to cost around \$100,000 each."

## Forest Fire Job

"Although the main job of the helicopter will be to help detect and fight fires, we have a variety of uses in mind for it. We think others will be discovered as we go along."

Bergman said delivery is expected early in March. The helicopter will come completely equipped with two-way radio and navigation equipment.

"We hope to have it flying by the start of the spring forest fire season, late in March or early in April," Bergman said.

The conservation department has been using planes on loan from the Coast Guard for forest fire detection work and migratory fowl and deer counts.

"We found them much more valuable for this work than conventional aircraft," Bergman said.

Many Uses

The helicopter also will be used to bring supplies for fire fighters.

Other suggested uses include aerial surveys of state timber

and mineral holdings, checks on possible game law violators or illegal fishing the Great Lakes and searches for missing persons.

The 1966 Legislature approved an extra appropriation to the forest fire division for the helicopter.

If the first machine works out well, the department may ask for others.

Gov. George Romney, meanwhile, has recommended \$111,500 appropriation to the legislature for two helicopters and one conventional plane for State Police.

## Quis Pilots March 29

Romney said they were mainly intended for traffic control in urban areas. State Police also could use the machines, however, in searches for missing persons and fugitives.

Now that the state is going into helicopter ownership, the State Civil Service Commission has issued its first call for helicopter pilots.

Applications must be received by March 30 for the competitive examinations. A register of three positions will be set up—but only one pilot will be hired at first.

The pilot pay rate is listed as from \$296.80 to \$383.20 bi-weekly. Only commercial pilots with helicopter ratings are asked to apply. They must have at least 500 hours rotary wing flying time.

It is noted they will be on call 24 hours a day and must be willing to travel around the state as required.

## Call Check For 217,000 Fords

DETROIT (AP) — Ford Motor Co. is calling 217,000 of its 1966 and 1967 model cars into service shops for inspection of possible power brake faults.

The power-assist portion of the brake systems on some of the cars may fail in cold weather after a prolonged period of parking, causing an increase in the pressure needed to push down the brake pedal and stop the car, Ford said.

The company also said steering wheel assemblies will be replaced in 5,900 of the recalled vehicles, all new Thunderbirds equipped with automatic speed-control devices.

Besides Thunderbirds, the recall for possible brake problems include Falcons, Fairlanes, Comets, Mustangs and Cougars. The vehicles are 1966 and 1967 models equipped with power brakes.

Those cars without power brakes, as well as Lincoln Continentals, standard-size Fords and Mercurys with power brakes, are not affected, the company said.

Ford said Tuesday that recent blizzard conditions in the northern United States and Canada aggravated the power-brake problem.

## Blood Donor Mothers Offered Sitter Service

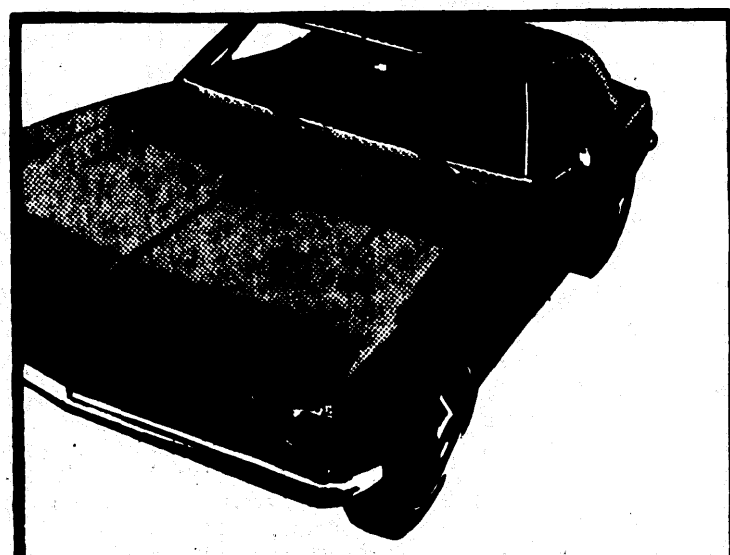

The Red Cross, through the cooperation of a group of high school girls, will have baby sitters available for mothers who wish to become blood donors in Escanaba on Thursday.

The Red Cross bloodmobile will be at the Teachers' Hall in Escanaba on Thursday from 2:30 to 7:30 p. m. and the baby sitting service will be possible because school will be closed that day for a teacher training session.

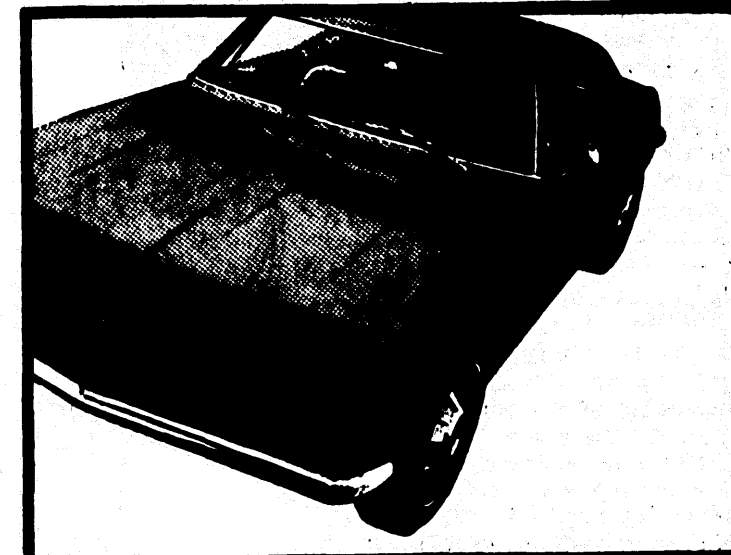

Hours for the bloodmobile on Friday will be 10 a. m. to 3 p. m. also at the Teachers' Hall.

The bloodmobile is at Gladstone today at the James T. Jones School until 7 p. m.

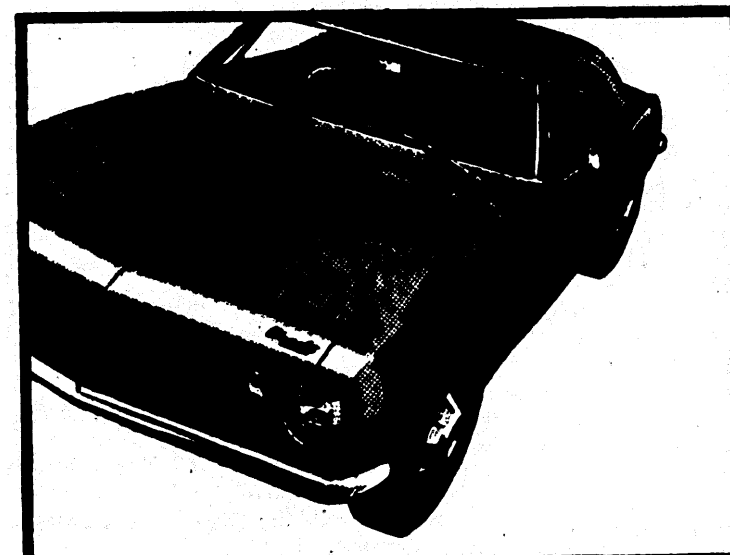

The quota for the three-day visit is 367 units. Only 117 persons have committed themselves to donate, and walk-in donors will be welcomed.

## Vocational Training For Older Retarded Explained For PTA

Mrs. George Maniaci presented a program on vocational training of older retarded children at the regular meeting of Central PTA Monday evening at the James T. Jones School.

Mrs. Maniaci told those present how it would be possible to utilize skills the retarded child possess by providing jobs for them. The film, "Selling a Guy Named Larry," clearly illustrated how this might be done.

PTA members were asked to come to the next regular meeting prepared to discuss two pertinent issues. Namely, the report card and grading system, and the advisability of maintaining their relationship to the National PTA Congress.

Mrs. Beauchamp's first grade and Mrs. Fisher's second grade won the room count awards.

## Covenant Circles Hear Of Ethiopia

The Combined Circles of Evangelical Covenant Church will hold a regular meeting at the church at 8 p. m. Thursday. Mrs. Roger Patrow will show slides and speak on Ethiopia, having visited in that country. The program is being arranged by Mrs. Elmer Carlson and Mrs. Don Buckmaster. Hostesses for the evening are Mrs. Loren Anderson and Miss Hilda Swenson.

## Swedish Club Is Entertained At Valentine Party

The Gladstone Swedish Club held a Valentine Party at Jack's Restaurant, Rapid River, on Saturday, attended by 61 members, their wives and guests.

A social hour was held at 6:30 and dinner at 7:30 p. m., followed by a program of singing of both Swedish and English numbers under the direction of Edwin Olson, accompanied by Manley Anderson on the accordion, dialect stories by Charles Folio, and a colored film on Sweden.

Arol Beck acted as master of ceremonies for the evening and delighted his listeners with some of his quips and stories.

The committee in charge of the event consisted of Charles Folio, chairman, assisted by Algot Gustafson, Edwin Olson, Arol Beck, Marvin Johnson, Ivan Dahlquist and Art Moberg.

## Briefly Told

State Police issued traffic summonses Tuesday to John L. Hardwick, Brampton, expired chauffeur's license, and James Burroughs, 1212 Lake Shore Dr., Gladstone, no registration or proof of insurance.

Gladstone Community 4-H Club Junior Miss modeling practice will be held at 7:15 p. m. Thursday at the City Hall. All girls are asked to attend as this will be the last practice before the achievement program.

# Sonny Dove Leads Team Into Postseason Tourney

By The Associated Press  
Sonny Dove virtually wrapped up a postseason tournament berth for the St. John's University Redmen of New York Tuesday night.

The 6-foot-8 star threw in 27 points and grabbed 12 rebounds in leading the Redmen to a come-from-behind 71-64 victory over eighth-ranked Syracuse in the top college basketball game of the night.

"He whipped us good," said Syracuse Coach Fred Lewis after Dove's brilliant play snapped the 12-game winning streak of the Orange and also a 22-game home court streak.

Syracuse led by seven points midway of the second half before three straight baskets by Dove cut the deficit to one and ignited a 14-4 spurt in the closing minutes for St. John's seventh straight triumph.

St. John's, now 19-3, now is expected to have the choice of playing either in the NCAA or the NIT when invitations are issued Thursday to the two major postseason tournaments.

Rick Dean's 18 points led the Orange, the only team in The Associated Press Top Ten to see action. Despite the defeat, Syracuse, also 19-3, is believed to be in line for an NIT berth.

Connecticut clinched its 15th Yankee Conference title in 20 years and an automatic bid to the NCAA by crushing New Hampshire 114-75 at Storrs behind 42 points by Wes Bialosuknia.

Villanova, 15-8, boosted its hopes for an NIT bid by upsetting Providence 55-32 on the Friars' home court. Jimmy Walker, Providence star, was held to only five points compared to his 29.1 average as the Wildcats chalked up their eighth victory in nine starts.

Dayton, Boston College and Chicago Loyola, other tournament hopefuls, won. Dayton, now 20-4, pulled out an 80-79 road victory over Miami, Fla., on Glinder Torain's two free throws in the last 14 seconds. The Hurricanes had wiped out a 20-point deficit to lead 79-78 with 49 seconds on the clock.

The Loyola Ramblers, 12-9, also won on the road downing Ohio University 73-70. Two free throws by Bill Baumgardner in the last second after he had stolen a Bobcat pass sewed it up. Boston College, 16-2, breezed over Boston University 74-66 at Newton, Mass.

Wisconsin defeated Northwestern 110-94 and Minnesota edged Iowa 88-86 in two upsets

in the torrid Big Ten Conference race. Soph Jim Johnson led Wisconsin with 31 points at Madison where Jim Burns got 26 for Northwestern before fouling out with nine minutes left.

Tom Kondla's 15-foot jumper with three seconds to go gave Minnesota its upset over Iowa at Minneapolis. Sam Williams' lay-up after he had stolen the ball had tied the score for Iowa with 15 seconds left.

Only a week ago Iowa, Northwestern, Michigan State and Indiana had been tied for the lead in the Big Ten. Now Indiana leads with 7-2, Michigan State is second at 6-3 with Iowa, Northwestern and Wisconsin tied at 5-4.

Southern Methodist maintained its two-game lead in the Southwest Conference by beating Arkansas 66-66 at Dallas behind Denny Holman's 20 points. Harry Tripet's lay-up with five seconds left gave Texas A&M a 71-69 upset over Baylor at College Station.

## Bing Sick But Pistons Aren't

ST. LOUIS (AP) — Their star rookie was ailing Tuesday night but the Detroit Pistons weren't. They racked up a 112-109 National Basketball Association victory over St. Louis, despite Dave Bing's bout with the flu.

In other NBA games, Boston whipped New York 143-114 and San Francisco squeaked past Los Angeles 136-133.

The score was 97-97 going into the final period at St. Louis. Eddie Miles sank a long jumper and Wayne Hightower added another basket to give the Pistons a 105-97 advantage.

Johnny Tresvant sank easy lay-ups to add four points in that flurry.

Miles posted a career high of 37 points in the contest.

Bing, who holds a season average of 19 points per game, saw no action.

Sam Jones and Larry Siegfried spearheaded Boston's drive to its 16th straight victory over New York.

The Knicks closed to within six points but the hot-shooting Celtics opened up a 71-56 halftime lead.

Jones totaled 27 for the game and Siegfried had 25. Dick Van Arsdale led New York with 24 and Cazzie Russell added 18.

The Warriors and Los Angeles were tied 119-119 with only six minutes left in the game, but Jeff Mullins shot San Francisco to a lead Los Angeles couldn't top.

Mullins hit a game total of 27, while teammate Rick Barry had 34. Jerry West shot 36 for the Lakers and Elgin Baylor had 32.

## Illinois Goes On Trial Today

CHICAGO (AP) — The University of Illinois goes on trial today before Big Ten athletic directors and Commissioner Bill Reed.

Reed will present a report to the athletic directors on his investigation of athletic irregularities stemming from last December's exposure of a \$21,000 slush fund.

Reed's investigation began Dec. 18, shortly after the university revealed the athletic department had been operating an unauthorized fund solicited outside the university for a period of five years.

The university immediately suspended 12 football and basketball players who had received unauthorized financial assistance and placed football Coach Pete Elliott and basketball Coach Harry Combes on one year's probation, prohibiting them from personal contact with prospective athletes.

After the athletic directors study Reed's report they will determine what, if any, Big Ten action will be taken.

Any decision can be appealed before faculty representatives within a period of five days.

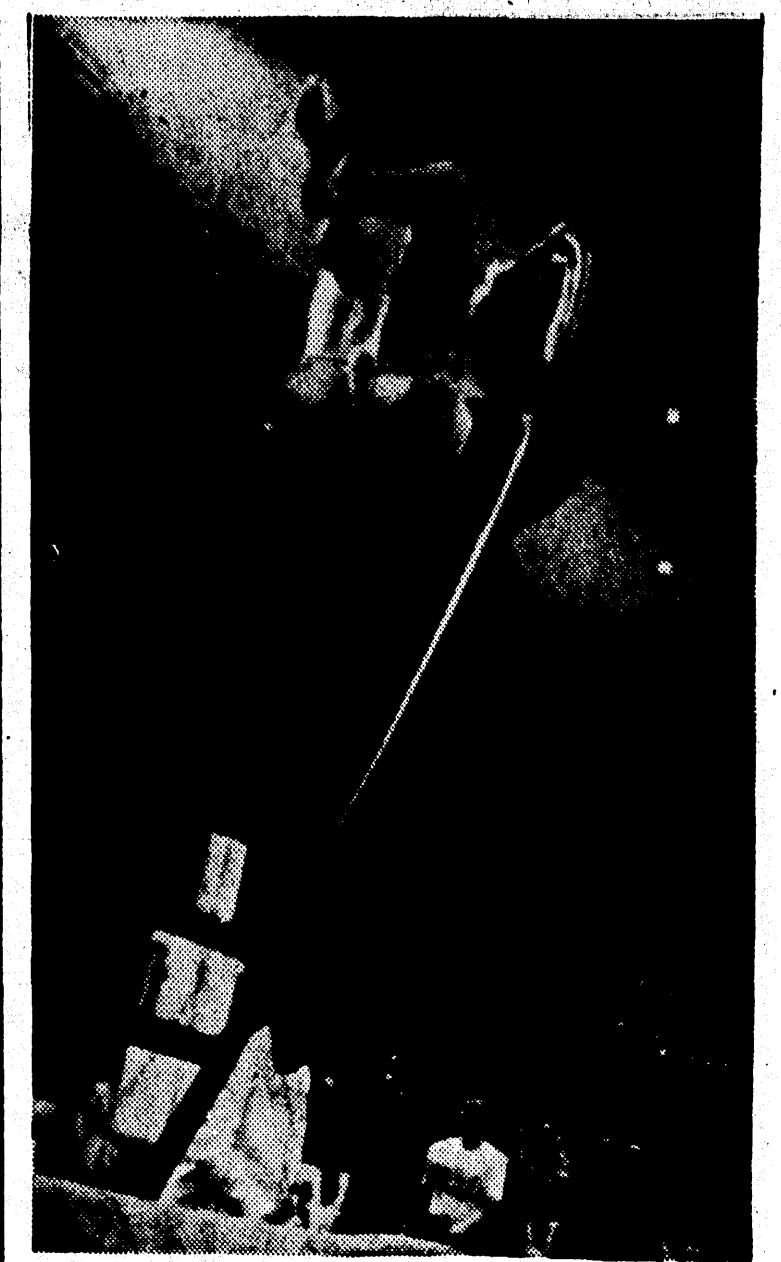

## Parseghian Gets Coaching Honor

SAN FRANCISCO (AP) — Notre Dame's Ara Parseghian will head the East coaching staff for the 43rd annual San Francisco Shrine football game Dec. 30.

Managing director Bert Jacobs announced Tuesday that Parseghian will take the job filled by Michigan State's Duffy Daugherty last December.

The two East assistants will be Alex Agase of Northwestern and Paul Dietzel of South Carolina, who was an assistant to Daugherty. This marks Agase's first appearance.

Parseghian was on the East coaching staff in 1962 and 1963 while with Northwestern.

GIVE AND GO, with USC's Bob Seagren on the other end of the glass fiber pole. The way the camera has caught the pole, it seems that Seagren could vault right out of the arena.

# Spartan Coach Wants Another Ref On Court

EAST LANSING (AP) — While some fans may yell "kill the referee," Coach John Benington of Michigan State thinks basketball needs one more referee at every game.

At his weekly meeting with newsmen Tuesday, Benington was unhappy with some of the officials' calls in MSU's 67-66 victory over Minnesota Saturday and its 80-64 loss to Ohio State Monday night.

Officiating is a tough job, he said, and when there are just two officials, occasionally they have trouble keeping up with a fast play or have their view blocked.

Benington said he would ask the Big Ten to consider using three officials, so one always would be ahead of the play. He said he believes there is a chance the proposal will be adopted.

He hoped to experiment with the plan when the MSU freshmen play the Notre Dame freshmen Thursday night at East Lansing.

The MSU coach proposed starting with one official at each baseline and one in the center, and rotating assignments during the game.

MSU, in second place in the Big Ten with a 6-3 record, must win its last five Big Ten games to win the conference championship although it might tie for the title if it wins four, Benington believes.

Indiana is in first place with a 7-2 record.

The MSU coach showed newsmen films of the MSU-Minnesota game, which MSU won with a disputed basket in the last three seconds. Minnesota Coach John Kundla protested that Lee Lafayette was guilty of goaltending in stuffing in a long shot by guard Steve Rymal.

Many newsmen who saw the films thought Rymal's shot was off to the side, and that Lafayette caught it there and carried it back to the basket — a legal shot.

"I think a lot of apologies are forthcoming," Benington said. "A lot of people (officials and scorekeepers) were criticized who were right."

Benington, though, was unhappy with the foul call which enabled Minnesota to take a brief 64-63 lead just before the disputed play.

More people got more news from newspapers than from all other sources combined.

# No Action Taken Yet On Common Draft For Pro Football Leagues

HONOLULU (AP) — The National Football League still is marking time today on the controversial college draft formula after making minor changes in the playing rules and setting up the schedule for its profitable postseason title play.

Commissioner Pete Rozelle has been taking his time before pressing for action on the date and format of the first common draft with the American Football League.

Before the meetings end Thursday or Friday, Rozelle hopes to have his forces in agreement on separate regular and red shirt drafts in mid-March. The AFL already has separate drafts for the red shirts, players who still have college eligibility although their original class has graduated.

Rozelle said Tuesday the draft had not come up yet although there had been some discussion of proposals that restrict trading of draft choices, especially the red shirt variety. However, no action has been taken.

There will be a new look to NFL parks in 1967 because the league had adopted a single-standard goalpost that looks like a giant slingshot. The one post with a steel base, is recessed six feet into the end zone with the aluminum uprights branching out to the goal line and extending 20 feet above the crossbars.

Two new assistants will be Alex Agase of Northwestern and Paul Dietzel of South Carolina, who was an assistant to Daugherty. This marks Agase's first appearance.

Parseghian was on the East coaching staff in 1962 and 1963 while with Northwestern.

## In This Corner

with Ray Crandall

Stan Albeck, personable head basketball coach of Northern Michigan University, revealed that he has lost the services of Bill Koski, senior guard and co-captain, with an injury to his thigh. Koski, who played his prep basketball at Champion under Fred Boddy, was Northern's floor general in the peek-a-boo offense instituted by Albeck this season. Koski scored 546 career points for Northern. Albeck, speaking at a Kiwanis noon meeting here this week, also announced that Northern has rescheduled the postponed game with Illinois State University at the Marquette fieldhouse for Friday, March 3.

Frank Rodman, major domo of the Upper Peninsula's biggest independent basketball tournament at Hermansville each year, is preparing for an entry of 30 teams in this year's classic. Some of the early entries in Class A include Ashland Good Merchants, Green Bay Reliance Printers, Marquette Raish Oil and Ardell's of Cleve, Ill. In Class B the early entries include Crystal Falls McNeil Oilers, Eben, Trenary, Bark River, Stephenson Strollers, Powers Gold Stars, Norway Louie's Bar and Merchants, Champion and Republic. The tourney will be staged March 18-26.

Roger Norkoli, classy little junior guard, led Wakefield to its 16th straight victory of the season as the Cardinals whipped Iron River, 96-62. Norkoli son of a former outstanding Iron River athlete in the 1940s, fired in 20 points as the Michigan-Wisconsin Conference champs closed in on their first undefeated season in the history of the school. They need only a victory over Baraga Saturday night to accomplish that feat.

Trout Creek cut loose with six points in the final 45 seconds of action to defeat Mass, 82-73. Don Besonen led Coach Bruce Warren's Anglers to their 14th victory in 16 starts with a 41 point explosion.

The Ironwood Red Devils were hotter than Hades in defeating Superior Cathedral, 76-61, to clinch a tie for second place in the final Michigan-Wisconsin Conference standings. Coach Harry Peterson's eagles took only 46 shots and the game and made 29 of them for a torrid 63 percent. Don Koivisto set the pace with 29 points.

One of the outstanding freshman basketball players in the Upper Peninsula this season is Gwynn's Terry Froberg. The youngster hit a career high of 28 points to lead the Model Towners to a 67-61 decision over Hancock. The victory snapped an eight game losing streak for Coach Jerry Erickson's eagles.

The Marquette Iron Rangers tuned up for their Saturday night home stand against the Green Bay Bobcats by splitting with the tough U. S. Nationals last weekend. Marquette bowed by a 6-2 margin Saturday night but came back to cop a 6-5 verdict Sunday afternoon.

## Esky Wrestlers Enter Tourney At Marquette

MARQUETTE — Northern Michigan University will host the first annual Upper Peninsula High School Final Wrestling Tournament Friday and Saturday at the C. B. Hedgecock Fieldhouse, according to tournament director Ed Brown, Northern's head wrestling coach.

Brown said eight peninsula schools have entered the open class tourney, including Escanaba, Escanaba Holy Name, Ewen, Iron Mountain, Kingsford, Marquette, Munising and Newberry.

Quarterfinals and semifinals in 12 weight classes are scheduled to begin at 6 p.m. EST Friday. Losers will move into the consolation round Saturday at 3 p.m. Consolation finals are set for Saturday at 7 p.m. and the championship finals will begin at 8 p.m.

Officials will be Dr. Vito Perrone, Northern Michigan University; Dr. Larry Julien, Michigan Technological University; and Robert Bowman, Escanaba.

Brown said awards will be made to the first and second place teams and to the first

four place winners in each weight class.

Coach Jim Hirm of Escanaba today listed the 12 matmen who will compete in the two day tournament with Dan Vader at 95 pounds, Dale Ford at 103, Mike Frasier 112, Dan Salmon or Steve Makoski at 120, George Bonefield 127, Rick Carlson 133, Ray Segorski 138, Vital Vandresse 145, Terry Brayak 154, Gerald Moore 165, John Bennett 180 and Dan Scheuren heavyweight. Steve Javurek will not wrestle because of an injury.

The Eskymos will carry a season record of nine victories in 11 dual matches into the tourney.

Pacing the Eskymos in the regular season was Vandresse who earned 78 points while winning 16 matches and drawing in one. Scheuren picked up 73 points in a 14-1 record and Ford earned 58 with a 10-4 mark.

Other high point winners for the Eskymos were Segorski with 58, Brayak with 54 and a 13-0 record, Frasier 41, Carlson 38, Javurek 33, Vader 32 and Bennett 28.

## Gladstone Team Wins Women's Bowling Tourney

Leaders in all divisions of the Hiawatha Women's Bowling tournament at the Holiday Lanes in Gladstone held on the final weekend of action.

Joyce Broman of Gladstone won the singles event with a 641 series and had the high single game with 246.

Claire Anderson and Rose Jandro of Gladstone topped the doubles event with 1132 pins. June Martin and Gen Pilon of Rapid River rolled into second place on the final weekend with 1122.

Gladstone State Savings Bank, the leader from the opening weekend, won the team title with a 3776 score.

Millie Blixt of Escanaba won the all events with handicap and Lois Cox of Escanaba the all events without handicap.

Final leaders:

**OFFICIALS MEET**  
The Lake Superior Coaches and Officials Association will meet Thursday at 8 p.m. at the Northern Michigan University alumni lounge. The meeting was postponed from last Wednesday.

Mary Dean, Escanaba 597

**SINGLE HIGH GAME**  
Joyce Broman, Gladstone 246

**ALL EVENTS**  
Millie Blixt (With Handicap), Escanaba 1735  
Lois Cox (Without Handicap), Escanaba 1694

## Trenary Ace Top Scorer

Kim Peterson, a 6 foot 1 inch senior center at Trenary, leads the Upper Peninsula high school basketball scoring race entering the final weekend of regular season competition.

Peterson, one of three U.P. players with over 1,000 points on his career record, has hit an even 500 in his first 17 starts.

Gerry Gerard, a 6 foot 5 inch star on the undefeated L'Anse

## Eben Upsets Perkins '5'

EBEN — Coach Jim Jacobson's Eben Eagles came through with one of their best games of the season here Tuesday night and spilled Perkins, 67-59, in Central League action.

After a 10-10 deadlock in the initial period, Eben broke loose for 19 points in the second frame and 21 in the third to build a comfortable 18 point cushion.

Jim Lehtomaki triggered the Eben attack with 23 points and had 19 rebounds while Terry Hakola tossed in 16 points and Len Salminen 10. Paul Salminen is sidelined with illness.

Three Perkins players hit in double figures, led by Gary Simonsen with 19 points. Art Vandamme added 16 and Mark Depuydt 12.

Eben outscored Perkins by 10 field goals, 29-19, but the Yellowjackets poured in 21 of 35 free throws to stay in the game.

Eben hit on 50 per cent of its shots from the field, the best performance of the campaign.

## Larry Lippens Paces Victory

COOKS — The Rock Little Giants hiked their Central League record to 13-2 here Tuesday night by turning back Coach Norm Jahn's crippled Clippers, 82-65.

Larry Lippens turned in a brilliant scoring exhibition with 11 field goals and eight free throws for 30 points to pace the invaders.

Neil Hartman led three Cooks cagers in double figures with 21 points. Cooks played without the services of veteran Bruce Swagart who suffered a severe ankle sprain in Monday's practice session.

Cooks won the jayvee game, 44-33.

## Trenary, Rock Meet In First Tourney Game

ROCK — The host Rock Little Giants and the favored Trenary Comets, unbeaten in regular season action, will kick off the Class D district basketball tournament here next week.

The drawings held Tuesday, resulted in the following tourney slate:

March 1

8-Rock vs. Trenary

March 3

7-Ewen vs. Rapid River

8:30-Perkins vs. Rock-Trenary winner

March 4

8-Championship

Joe Namath of the New York Jets, Len Dawson of the Kansas City Chiefs and George Blanda of the Houston Oilers all threw five touchdowns passes in one game last season.

team, moved into second place in the point race by pumping in 38 in the game against Hancock, boosting his total to 466.

Randy Fochesato of Hermansville, a 5-11 junior, missed the last two Redskin games and his 451 total slipped from second to third in the current list.

Don Besonen of Trout Creek remained fourth in the scoring parade with a 441 total.

The top scorers, through Feb. 18, with the number of games played in parentheses:

Kim Peterson, Trenary (17) 500

Gerry Gerard, L'Anse (15) 466

Randy Fochesato, Hermansville (15) 441

Don Besonen, Trout Creek (15) 441

Ted Hoiska, Mass (17) 394

Wayne Kerkela, Republic (17) 381

Paul Miller, Escanaba (15) 379

Phil Jose, Houghton (15) 370

Terry Conrad, Ewen (16) 360

Al Inkala, Wakefield (16) 358

Bill Zhulkic, Ishpeming (16) 352

Dick McKenzie, Marquette (17) 352

Larry Lippens, Rock (16) 324

Ron Begovac, Trenary (17) 319

Gary Sample, Manistique (15) 302

Miller Scoring Champion

## Esky Ends Perfect Conference Season

The Escanaba Eskymos closed out a perfect Great Northern Conference basketball campaign here Tuesday night, defeating Stephenson 69-48 behind another record setting performance by senior guard Paul Miller.

The triumph was Escanaba's eighth straight in conference competition and gives Coach Harold Johnson's team a 14-2 record heading into the season finale at Marinette Friday.

Miller, 6 foot 1 inch scoring machine, established his third school scoring record and also captured the Great Northern Conference point crown.

The Eskymos athlete tallied 26 points to boost his single season mark to 405, wiping out the previous high of 393 set by Jack Lindquist in 1959. Miller

had previously set a single game scoring record of 44 points and already owns the school career record, which he boosted to 967 last night.

Miller took the Great Northern individual point championship in his running duel with Menominee's Pat Miller, a 6 foot 3 inch junior, with 201 points. The Maroon cager finished his conference competition with 191, also in eight games.

Coach Gus Lord's Eagles slowed it down and tried for the sure shot but they were unable to overcome Escanaba's great rebounding game. The Eskymos swept both boards with Dave Nyquist and Bob Myrvall in control. The two big seniors, both hitting 6 feet 5 inches, also provided a potent one-two scoring punch behind Miller, sharing 32 points.

The Eskymos pulled to a 13-8 lead in the first quarter in which Johnson used an all-senior lineup. At halftime Esky had a 30-17 margin and Stephenson was never able to get back in the game.

Miller had 16 points at the end of the third period to tie Menominee's Miller for the Great Northern scoring lead, then banged in 10 points in the final frame.

Bruce Weng was a bright spot in the Stephenson picture, clicking for 23 points on 11 fielders and a gift shot.

The setback was Stephenson's 12th in 16 starts going into the final game of the season at Kingsford Friday night.

Escanaba's jayvees also closed out a perfect conference season by winning the preliminary game, 54-34.

## Clay To Soar Follev Feelings

HOUSTON (AP) — Cassius Clay planned another light workout today for his March 22 fight in New York with Zora Follev, an opponent the champ describes as "so quiet" that he will be spared Clay's famous talking treatment.

"He don't go around saying how he's going to beat me or why don't I give him a chance at the time," Clay said Tuesday at his first workout since arriving in Houston, where he now makes his home.

## Cousy Is Happy At Boston Post

NEWTON, Mass. (AP) — Bob Cousy, one of basketball's all-time greats as a player, says he's happy as coach at Boston College and isn't interested in other offers.

Cousy refused even to discuss reports Tuesday that the new American Basketball Association has made four different offers for him to either coach or serve as general manager of a club.

BOB MYRVALL, 6 foot 5 inch senior forward, goes up for two of his 16 points for the Escanaba Eskymos in their game against the Stephenson Eagles here Tuesday night. Stephenson players are John Gunderson, attempting to block the shot, and Guss Lord under the bucket. (Daily Press Photo)

## Tigers Sustain League Setback

POWERS-SPALDING — The Felch Foresters buried Powers-Spalding in a deep 35-15 first half hole here Tuesday night and held on to defeat the Tigers 63-54, in Big Seven Conference action.

The Tigers were unable to find the range in the first half in which they managed only seven field goals. They came alive in the second half to connect on 14 shots from the field, but Felch stayed out in front with a steady parade to the foul line. The Foresters clicked on 15 of 25 gift shots for their margin of victory as both teams finished with 24 field goals.

Tom Bettors tallied 22 points for individual scoring honors for the Tigers.

## District Cage Tourney Slate At Manistique

MANISTIQUE — The Class D district basketball tournament will get under way here Tuesday, Feb. 22, with a game between Garden and Cooks. It was announced today by tourney manager Dick Bonifas.

Drawings were held Tuesday, setting up the following tournament schedule:

Feb. 28

7:30-Garden vs. Cooks

March 2

7-Engadine vs. Grand Marais

8:30-Garden-Cooks winner vs. Nahma

March 3

8-Championship

## Football Coach Clinic Dates Set; Gustafson Heads Speaking Staff

Burt Gustafson, former Escanaba High School and Northern Michigan University coach, will be a featured speaker at the fourth annual Escanaba Football Coaches Clinic at the Terrace Motel March 31 and April 1.

The two-day clinic, directed by Jerry Cvenegros and Bob Dufour and co-sponsored by the Badger Sporting Goods Co., will draw high school and college coaches from throughout the midwest.

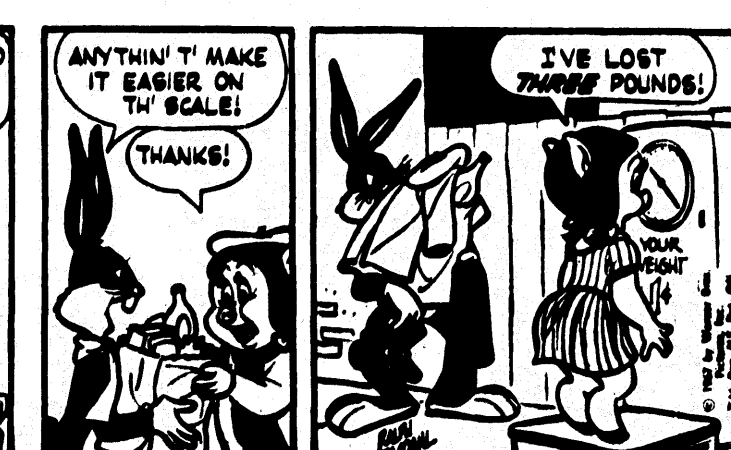

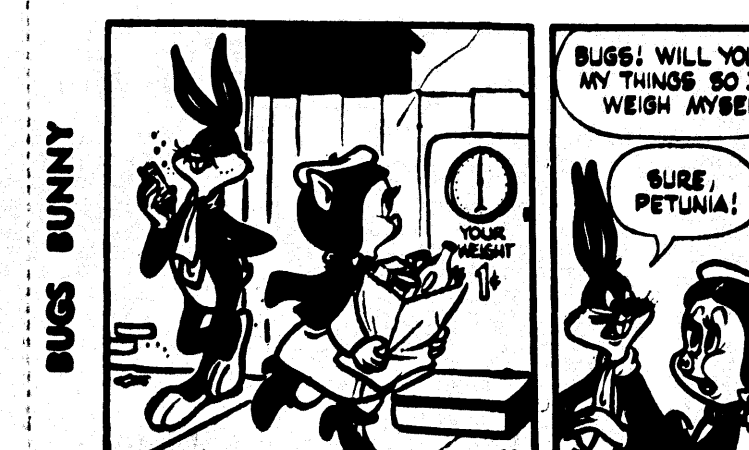

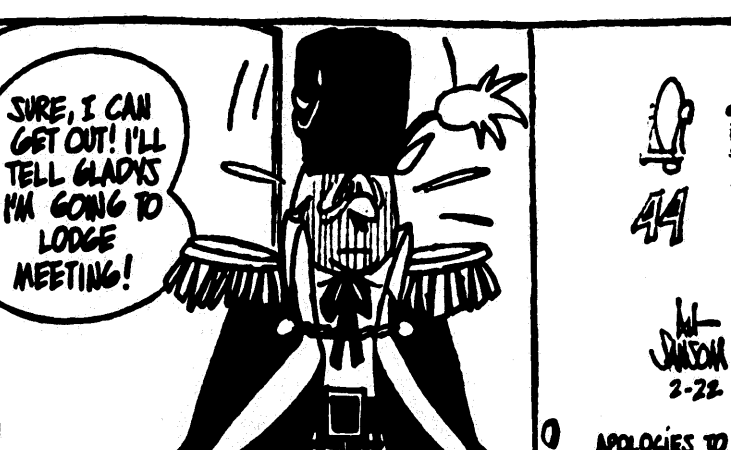

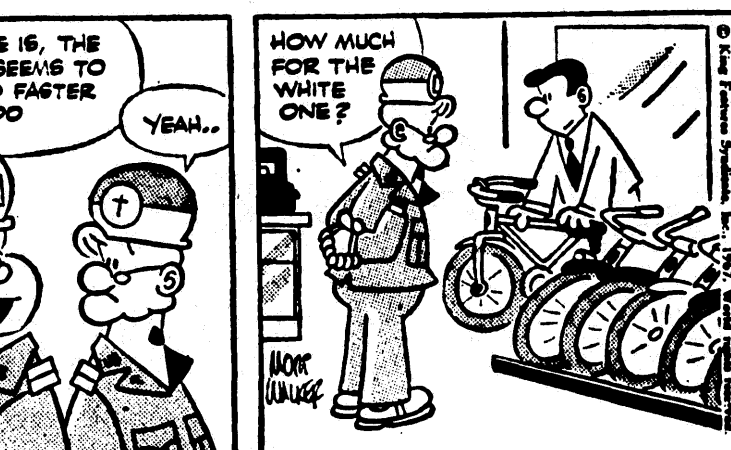

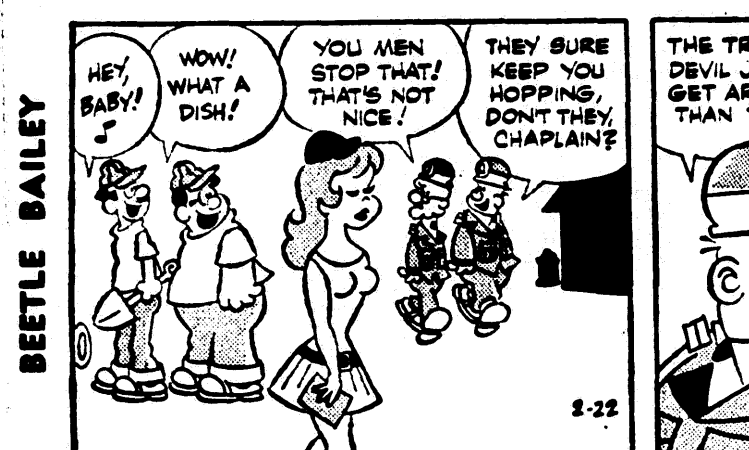

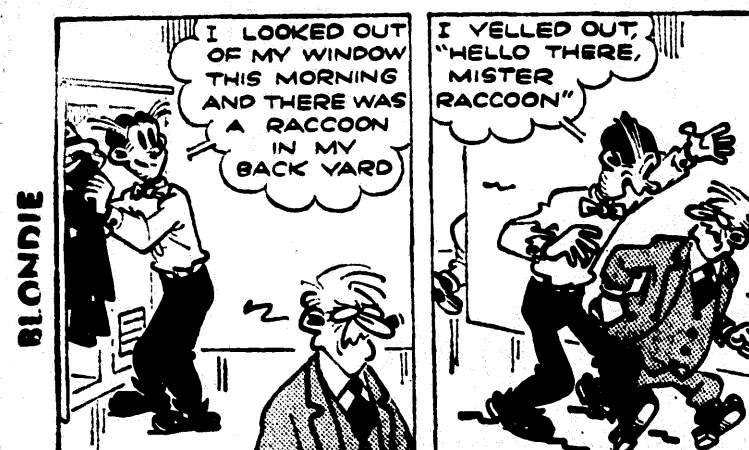

Other speakers on tap are Jack Finn, former Escanaba athlete and coach of the Michigan high school football championship team at Battle Creek Central; Al Sandona, line coach at Michigan Tech, and Frank Novak, backfield coach at Northern Michigan University.

Gustafson, a native of Newberry in the Upper Peninsula, was one of Northern's all-time athletic greats, earning varsity letters in football, basketball and track. He coached at Cedarville High School before

MANISTIQUE

SANDRA ERICKSON, daughter of Mr. and Mrs. Wilfred Erickson, Rte. 1, became the bride of Harold Robert Toennissen, son of Mr. and Mrs. Kenneth Toennissen, 138 N. 3rd St. in a 2 p. m. ceremony Saturday. The couple will live in Sheboygan Falls, Wis. (Mincoff Photo)

Lorin Harding Dies In Hospital

Lorin Stanley Harding, 86, of Otter St., Manistique, died at 1:30 a. m. today at Schoolcraft Memorial Hospital where he had been a patient two days.

Mr. Harding was born May 29, 1880, in Suamico, Wis., and lived in Manistique for most of his life. He retired as a crane operator from the Manistique Pulp & Paper Co. May 31, 1951.

He married the former Bertha Anderson in May, 1921, in Escanaba.

Survivors include his widow; three sons, Lee of Baldwin Park, Calif., Louis of Minneapolis, Minn., and Loren of Milwaukee, Wis.; one step-son, Herbert Blowers of Anderson, Ind.; one daughter, Lois Bryant of Manistique; two sisters, Mrs. Nell Quade of Menominee and Mrs. Loretta Montpas of Milwaukee; 14 grandchildren and 15 great grandchildren.

The body was taken to the Messier - Broullire Funeral Home.

Births

A daughter weighing 6 lbs. 14 1/2 oz. was born Feb. 20 in Schoolcraft Memorial Hospital to Mr. and Mrs. Terry Chartier, 209 S. Cedar St. The mother is the former Kay Louise Blowers.

Charter Group Election Set

The Manistique City Council Monday night adopted a resolution calling for election of a charter revision committee April 11, the last day to register for the election will be March 13. Nominating petition forms are available at the city hall and should be filed 20 days before the election. Nine members are to be elected.

The board of education of the Manistique Area schools presented a formal request to obtain city - owned Putnam property near the site of the proposed new Lakeside elementary school, citing it is needed for adequate placement of the building and for playground and parking area. A multi-purpose room for public functions is planned in the structure.

The board's committee consisting of Mrs. Duane Waters and Earl LeBrasseur proposed exchange of the Riverside school property with the city. Valuation of the Riverside building was set at \$9,401 and land at \$1,980. The Putnam property value was set at \$8,904. Exchange with the city for other school holdings might be possible, it was indicated. The Council planned to appoint two members to serve on a committee to meet with the board.

A health department report was presented by Dr. Gordon Eadie.

Second reading was moved on amendments to an ordinance governing school bus passing when vehicles are at the curb, careless, reckless, and drunk driving. On the driving section, application will be made effective in public parking places as well as streets.

NOTICE TO BIDDERS

The Board of Education of the Manistique Area Schools invites interested parties to submit sealed bids for the purchase of the property known as the Putnam property located on the southwest corner of Cedar and Main streets described as follows:

Part of Lot Four (4) Block Two (2) of the Village of Manistique, according to the recorded plat thereof. Beginning at the Northeast corner of said lot and block, running thence West on lot line one hundred thirty-nine (139) feet; thence South parallel with lot lines, sixty-one feet; thence east parallel with lot lines, one hundred thirty-nine (139) feet to block line; thence north on block line sixty-one (61) feet to place of beginning.

Removal of the Post House Museum from this property will be arranged between the bidder and the present owner.

Bids will be accepted until 4:00 p. m. March 13, 1967, at the business offices at 100 N. Cedar Street. The Board reserves the right to reject any or all bids.

Card of Thanks

Dubay

I wish to thank all who sent cards and visited me on my recent stay in Schoolcraft Memorial Hospital. Also my neighbors who were so helpful. I would like to thank Rev. Donnelly and Rev. Kennedy, Mrs. Howard Brower, the physicians and nurses, and the Jolly Time Irish Club of Germfask.

Floyd F. Dubay

Vucson

We wish to thank our friends and neighbors for their kindness and sympathy in our bereavement, the death of our dear husband, son and brother. We are grateful to Father Freiburger for his comforting words, to the pallbearers, those who drove and donated cars, those who sent cards, spiritual bouquets and flowers. We also wish to thank Don Marvic for his reading of C. F. V. service, those who donated food, the ladies who served lunch after the funeral and all those who helped in any way. Your kindness will never be forgotten.

Mrs. Michael Vucson and Family

In Memoriam

Anderson

In loving memory of our wife, mother and grandmother, Mrs. Wesley Anderson, who passed away 4 years ago, Feb. 22, 1963. Treasured thoughts of one so dear. Often brings a silent tear. Thoughts return to scenes long Time rolls on but memory lasts. Sadly Missed by her Family of Mrs. Wesley Anderson

Senior Citizen Group Elects

The senior citizens advisory committee has elected Earl LeBrasseur, president, Agner Dehlin, vice president, Thor Reque, treasurer and Mrs. E. J. Doyle, treasurer. A meeting will be held on applications for a director. A committee will be appointed to equip and activate the center.

Church Events

First Baptist At the Women's Missionary Society meeting Feb. 20 Mrs. Norman Andrews led devotions and was in charge of the program, with Mmes. Paul Olson, George Johnson, Vilas Young and William Phillion assisting. Named to the nominating committee were Mmes. Howard LeBar, Oscar Blomquist and Norman Andrews. Mrs. Harold Eckblad submitted a report on missions and Mrs. George Johnson was in charge of accepting the love gift offering. The meeting closed with prayer followed by refreshments. Hostesses were Mmes. John Carstensen, Alton Fox and Vilas Young.

Briefly Told

The Goodwill club meets at 1 p. m. at the home of Mrs. Michael Kitchon for a pasty luncheon. Earl Cox, 102 Main St. was taken by ambulance to Schoolcraft Memorial Hospital at 12:05 a. m., Tuesday.

"Using Color in the Home" will be the topic for the second lesson of the "Modern Mrs." series in interior decorating. This will begin at 1 p. m., Thursday, Feb. 23 at the Lakeside School in Manistique, a service of the Community Schools and Michigan State University Extension Service. All interested homemakers are invited to attend. A baby sitting service for toddlers will be provided.

Hospital

Admitted to Schoolcraft Memorial Hospital were Neola Gercau, Everett Pasino, Kay Chartier, Laurence Harding, Ethel Howland, John Hanger, Anna Sommersold, Charles Thelander, Lorraine Jenerou, and Shana Kaufman.

Discharged were Rose Smith, Pearl Heric, Zita Robere and Russell LaFleur.

Obituary

Mrs. Wm. Winkel Complete funeral services were conducted at 2 p. m., Tuesday in Messier-Broullire Funeral Home for Mrs. William Winkel, 66 of Cooks. The Rev. Ingmar Levin officiated. Mrs. Roy LaMarche was organist. Burial will be in spring in New Garden cemetery.

The Empire State Building, with 103 stories, is the world's highest skyscraper.

## Interfaith Unit To Confer About Foreign Affairs

ALBION — A group of the state's religious leaders announced here the formation of an organization to be known as the Michigan Interfaith Conference on International Affairs. It is the nation's first organization of its kind.

Meeting at Albion College's Center for Continuing Education, the Protestant, Catholic and Jewish leaders named the Rt. Rev. Archie H. Crowley, suffragan bishop of the Episcopal Diocese of Michigan, to head the foreign policy group during its formative stages.

The Albion seminar, which ended with the formation of the permanent organization, was sponsored jointly by the Michigan Catholic Conference, the Michigan Council of Churches and the Jewish Community Council of Metropolitan Detroit.

Bishop Crowley and the staffs of the three religious organizations will spend the next year refining the structure of the proposed organization, and have it ready for a second meeting in late April, 1968.

At a session closing seminar, the Most Rev. Alexander M. Zaleski, bishop of the Catholic Diocese of Lansing, said there is a "growing conviction among church leaders in America that the great questions on war and peace have moral implications."

"I speak of the church in its broadest sense — as an instru-

ment to carry a message from God to man, and once having carried that message, to establish a relationship between them," he said.

A statement of incorporation for the foreign policy conference noted that religious bodies in the past have had "considerable influence in shaping public opinion and public policy."

It cited especially the issues of slavery, industrial exploitation, prohibition, collective bargaining, civil rights and the war on poverty.

It established a three-way goal for the organization.

• "To search out the moral obligations of nations and men in international affairs."

• "To educate our individual constituencies at all levels on the application of moral obligations in international affairs."

• "To address the general public and public officials on the moral implications in international affairs in the name of the group."

The structure, as now stated but which would be subject to change, would have a board of directors composed of seven Protestant representatives, a Catholic bishop for each of the state's five dioceses, three Jewish representatives and one Eastern Orthodox bishop.

The disastrous Alaskan earthquake occurred March 27, 1964.

## List Winners Of Snow Races At Winter Carnival

ENGADINE — Miss Flora Kempf, an Engadine High School freshman, was crowned as queen of the Hiawatha Winter Carnival held here. Snowmobile races on Saturday and Sunday were a feature of the celebration.

Cash prizes were awarded to the first three finishers in each of the three classes. The Engadine High School athletic department was sponsor of the meet. There were expressions of appreciation to Ed Brockman, Cliff Walmsley, and others who helped make the event a success.

Duane Streeter of Germfask and Dan Savoie of Rudyard finished in almost a dead heat in their battle for second place in class three. The two sleds were never more than a minute apart and were side by side for the last three miles.

Pete Parker, 17, of Newberry entered a modified machine in the cross country race. He was not eligible for a prize since the event was for stock machines only. Peter rolled over three times after hitting a tree. He damaged the steering mechanism of his sled and suffered a severely cut lip along with several bruises. Yet he completed the course and had the second fastest time of the day.

The fastest run of the day was made by Bob Sherbrook of Curtis who completed the course in two hours flat. Pete Parker was two minutes behind.

The cross country race was run on the Hiawatha Sportsmans Club property after starting on Millecoquin Lake.

A COURSE in aircrew egress systems maintenance and repairman has been completed by A3C Gary F. Poupore, son of Mr. and Mrs. Clifford Poupore of Spalding, at Chanute Air Force Base, Ill. After a 10-day leave at home he is now assigned to Perrin AFB, Texas. He attended Bay de Noc Community College before entering the Air Force last summer.

## Utilities Hearing

LANSING (AP) — The House Public Utilities Committee will hold a public hearing March 7 at Swartz Creek, near Flint, on a proposal to bring privately operated water companies under the jurisdiction of the State Public Service Commission.

Buy and sell the classified way

## Deer Yarnsters Are Busy Again

This is the season for deer stories.

They aren't "kill" stories, like those told in the hunting camps in November. They are stories of the Upper Peninsula's white tail deer herd fighting its winter battle with the snows and cold that make its survival perilous.

This year winter conditions are the worst in a decade or more, with the snow gauges showing three feet and more of depth, with the temperature as low as 30 degrees below zero at times, and with predators able to walk snow crusts that won't bear up deer.

### Deer On Line

Bennie Dougovito of Cedar River, a heavy equipment operator who is wintering in much more comfort than the deer, reports that he counted 83 deer feeding on the tops of timber cut along M-35 north of Cedar River in an electric line extension project.

"I saw them in about a mile of clearing, I'd say," said Dougovito. "On another trip past the place I saw 50. And this is in an area where a lot of hunters last fall said that there were no deer. They should take a look today."

### Deer At Goodman

Edwin C. Walter, vice president-manufacturing of Calumet & Hecla, Inc., Evanston, Ill., visited a hemlock cutting of

Goodman Division near Goodman, Wis. last week and was amazed to count 150 deer in the area.

"The woodsmen told me," he said "that they were hesitant about felling trees at times because the deer ate the tops so close to where they were working that they feared the falling timber would kill them. There were so many deer there that I don't think they were pulling my leg—much."

### Deer Aid Logger

In the Menominee State Forest a logger cutting in a cedar swamp on the west side of Menominee County has put the deer to work for him. There are so many of them in his cutting, feeding on the tops of the cedar trees, that at night when his crews leave for home they tell some trees in the area where they'll be working the next day.

In the morning the deer have the felled trees eaten clear of browse and in the process they have tramped down the snow so that it is easy for the loggers to buck up the timber.

Some pulpwood cutters have quit for the winter because the snow is so deep. One Menominee State Forest logger was reported to have been so troubled by deep snow that he was running his cat around each tree before cutting it, in order to lower the snowline.

## Montreal's Fair Aims To Attract 10 Million Yanks

MONTREAL (AP) — Nobody is sure how many people will attend Expo 67, but everybody connected with it seems confident that more Americans than Canadians will see this event in Canada's largest city.

Consultants hired by Expo 67 project the attendance as 55.6 per cent American, 41.5 per cent Canadian—with the remainder from other countries.

The expectation is that the

bulk of fairgoers will come from a radius of 900 miles, an area where 90 million live. New York is expected to send the largest U.S. contingent, followed in order by Pennsylvania, Ohio, New Jersey, Michigan, Illinois, Connecticut and Indiana.

On the optimistic side Mayor Jean Drapeau of Montreal has said he expects 20 million persons to make three visits each. Professionals at the fair envision about 35 million visits by 11.7 million persons.

It has been estimated that there are 33,344 churches, synagogues and missions in the United States.

**Now, from American Motors, the car that wasn't there.**

Over 1,000,000 buyers a year have not been able to get the car they wanted. Now, our new management team and our 2,500 dealers have done something about it.

Last night, I told thirty million television viewers that American Motors was going to make news. This is our first announcement, and it may well be the most important to come out of Detroit this year.

A major gap has developed in today's automobile market—a gap that no American-made car is filling today.

No automobile built for the American driver and American driving carries a list price under \$2,000.

The lowest-priced U.S. cars—the compact cars—have the roominess, performance, and safety U.S. buyers want, but they've escalated in cost.

Over four million people have had to turn to little foreign imports even though these are really less car than Americans should have.

We estimate over a million buyers a year are forced to settle for an automobile that's above their means or below their needs.

What this country needs is a car for the American motorist—at a list price competitive to the imports. This is the car that isn't there.

This new pricing policy for Rambler American completes the repositioning of American Motors cars that began with the introduction of the full-size 1967 Ambassador and the intermediate-size Rebel. It in no way affects the price structure of our Ambassador and Rebel lines.

Here's the proof that dollar for dollar Rambler American is now the best automobile value in the world.

MAKE	PRICE (lowest priced model)	CURB WEIGHT (lb. approx.)	OVERALL LENGTH (inches)	OVERALL WIDTH (inches)	WHEELBASE (inches)	PASSENGER CAPACITY	USABLE TRUNK CAPACITY (cu. ft.)
